Thanksgiving Proclamation.

NNSYLVANIA, SS:

the name and by the authority of the Commonwealth of Pennsylvania.

NDREW G. CURTIN, Governor of said Commonwealth.

{ L. S. } **A PROCLAMATION.**

WHEREAS, It has been the good and worthy custom of the Commonwealth to set apart, annually, day for the special acknowledgment of the goodness of the Almighty and for expressing by the whole people, at one time, and with a common oice, the THANKS and PRAISE which throughout year are springing from the hearts of men, erefore,

I, ANDREW G. CURTIN, Governor of the Commonwealth of Pennsylvania, do by this my proclamation, recommend that the good people of the commonwealth observe

Thursday, 29th day November, 1866,

As a day of Thanksgiving and Prayer, and do then assemble in their respective Churches and places of worship and make their humble thank offering to ALMIGHTY GOD for all His blessings during the past year.

For the abundant gathered fruits of the earth;
For the thus far continued activity of industry;
For the general preservation of health;
And especially for that in His DIVINE MERCY He hath stayed the threatened pestilence.

And moreover that they do beseech Him to continue unto us all His blessings, and to confirm the hearts of the people of these united States, that by the lawful force of their will, deeds of good Justice, Wisdom and Mercy may be done.

Given under my hand and the great seal of the State, at Harrisburg, this 9th day of October, in the year of our Lord, 1866, and of the Commonwealth the ninety-first.

BY THE GOVERNOR:

ELI SLIFER,
Secretary of the Commonwealth.

Inspired Eloquence.

During a protracted meeting held in a village, Deacon Crawfoot came in to attend it, and received and accepted an invitation to dine with his brother deacon. The latter (it was a good many years ago) had champagne upon his table, and asked Deacon Crawfoot to take a glass of the wine. "No," said Deacon C., "I never take wine." "But," urged his entertainer, "this is as harmless as cider." "Well," replied the former, "if that be the case, I will drink of it." And he did drink and drank freely. The dinner ended, the brethren returned to the meeting, which was a conference. Very soon after entering Deacon Crawfoot, who evidently felt the inspiration of his generous dinner, started to his feet and addressed his brethren as follows: "It seems to me, brethren, that I never had such spiritual views and emotions as I experience now. And I thought it best to inquire whether these are confined to myself; or whether this may not be indeed a pentecostal season. Why, brethren, I never had such spiritual views and emotions. It seems as if I was setting astride the roof of this, our consecrated temple, the organ swelling beneath me, the bells pealing above me, and every shingle on the meeting 'us playing on a jewsharp!'" Just so. But the story has nothing to do with the cheap bargains in boots, shoes and gaiters which are offered by Robinson, No. 61 Market street. A new stock suitable for winter wear has just been received and will be disposed of at the low prices which characterizes this establishment.

$30 Reward.

If the Indian Herb Doctor fails to describe diseases and tell his patients the nature of their complaint or illness without receiving any information from them. No charge for consultation or advice.

OUR MOTTO.

We use such Balms as have no strife,
With Nature or the Laws of Life;
With our blood our hands we never stain,
Nor poison men to ease their pain.

Our Father, whom all goodness fills,
Provides the means to cure all our ills;
The simple herb beneath our feet,
Well used, relieve our pains complete.

A simple Herb, a simple Flower,
Culled from the dewy Lee—
These, these shall speak with touching
power,
Of change and health to thee.

Attend to Coughs and Colds.

There is a significance in the above advice which, if attended to in time, would save hundreds of persons from untimely graves. Do we not know that many persons neglect to attend to coughs and such like maladies under the hope that nature will cure! Nature sometimes does cure; but she will cure much more rapidly if assisted by some such remedy as Dr. Keyser's Pectoral Syrup, which is compounded for those diseases of the lungs and bronchial apparatus, so prevalent in every part of the United States. We advise our readers, therefore, who may be afflicted with coughs, bronchial irritation or any disease of he lungs or wind pipe, to have recourse at once to this remedy, which Dr. Keyser has prepared with great care for the cure of these cases. Timely attention will save much suffering and oftentimes the life of the person using it. Sold at 140 Wood street.

How to Cure a Cough or Cold Speedily

Some will tell you to sweat, bathe, and take burnt brandy and sugar; but we say, no! There is a safe and sure remedy, better than either of the above, in Dr. Keyser's Pectoral Syrup, which has stood the test of years' experience. Dr. Keyser says that he prepares every bottle of this medicine himself, and the public may rest satisfied that it will be prepared with the same care as heretofore. One thing we know, that, for a cough, cold or lung disease of any kind in the incipiency, it has no rival. We say this much as public journalists, and are sure we will do some good by directing public attention to it. Sold at 140 Wood street.

How to Beautify the Complexion.

What is there so mortifying to a lady as to have her face covered with pimples, blotches, and cutaneous eruptions, and yet how many there are who through pure neglect, suffer them to exist? Go to the drug store and have the druggist make you an ointment with twenty grains iodide of lead, and one ounce of simple cerate or fresh lard. Apply this to the face every night; at the same time keep the bowels gently open with *Roback's Blood Pills*, and take the *Blood Purifier* three times a day, and you will be perfectly astonished at the result produced before a week has passed. Continue this treatment until a perfect cure is effected, which will be in a very short time.

The Best Known Tonic.

Caswell, Mack & Co.'s Combination of Iron, Phosphorus and Calisaya, known as Ferro-Phosphorated Elixir of Calisaya. The iron restores color to the blood; the Phosphorus renews waste of the nerve tissue, and the Calisaya gives a natural, healthful tone to the digestive organs.

One pint contains the virtue of one ounce of Calisaya and one teaspoonful a grain of Iron and Phosphorus. Manufactured by

CASWELL, MCAK & CO., New York.

For sale by all druggists. s

New Style of Photographs.

A beautiful new style of picture has been introduced in the east, which promises to surpass in demand the already common photograph. Mr. B. L. H. Dabbs, the well known photographer, whose palatial rooms are located at No. 26 St. Clair street, has just returned from a business trip to New York and Philadelphia, is the first to introduce the new style in this city. He has also made fresh purchases to his already large and well selected stock of materials, and trusts to be able to continue, as he ever has been in the front rank of the profession. He is personally in attendance at his rooms from morning until night and gives personal supervision to the taking of all styles of pictures and portraits from the tiny minature to the elegant and life sized portrait. Pictures are taken in all kinds of weather and we can safely recommend this establishment as the best place in the two cities to obtain a faithful and imperishable likeness.

Troublesome Coughs and Colds.

The health of the community is always a subject of serious consideration to those who are supposed to direct public opinion, and there is no more prevalent source of untimely deaths than the coughs and colds, which make their appearance during the winter and spring months. We would advise all such who are afflicted with any lung difficulty to apply at once to DR. KEYSER'S PECTORAL SYRUP, a medicine prepared by a careful physician of the old school, who has cured himself by this great medicine, nearly twenty years ago, and has since used it with wonderful effect. We know Dr. Keyser to be a man entitled to the respect of the public, and as such, we would recommend his PECTORAL SYRUP as a superior remedy. Sold at 140 Wood street.

Want a Lamp Fitter.

The Brownsville *Clipper* bewails the fact that that there are no practical lamp fitters in that borough. He throws down an invitation to some enterprising mechanic to commence business there. Here we have no scarcity of first class lamp and gas fitters, among them Tom T. Ewens, No. 196 Wood street, who appears to monopolize a large share of the public patronage. He has a full line of all kinds of lamps, chandeliers, pendants, globes, brackets, pumps, sinks, basins, &c., which he sells below Eastern prices. All work of gas or water fitting entrusted to him in this city or county will receive immediate attention.

The Convicted Fenians—Application for New Trials—Prisoners Discharged.

TORONTO, C. W., November 16.—Mr. Kinzie, Counsel for the Fenian prisoners, proposes applying, on Monday, to the Court of the Queen's Bench, or the Common Pleas Court, for new trials for Lynch, Hayden, Slavin, Whalen and Quinn, the Fenians under sentence of death.

James and John Dudley, the two men committed by a Police Magistrate a few days ago, under the *habeas corpus* suspension act, have been released from custody. Mr. Patterson, their counsel, proposed a petition to the Executive counsel, and also obtained affidavits testifying to their respectability and intentions of settling and going into business. These papers Mr. Patterson submitted to the Crown authorities, who considered them sufficient and discharged the prisoners on their own recognizances for $400 each and one surety of $200.

The Political Guillotine to be Stayed—Library to be Sold.

NEW YORK, Nov. 16.—The *Post's* special says: President Johnson yesterday remarked to a prominent citizen of Washington that he was not disposed to make further removals from office on account of political opinions.

FROM WASHINGTON.

Official Letter of the British Minister to Secretary Seward—The Fenian Trials in Canada.

WASHINGTON, November 16.—The following letter from the British Minister was received to-day by the Secretary of State:

WASHINGTON, November 15, 1866.

SIR—I have the honor to acknowledge the receipt of your note of the 27th ult., relating to the sentences of death passed on J. Lynch and J. McMahon, in Canada, and stating the views entertained by the Government of the United States and the various considerations of law, policy and humanity which might be expected to arise in the course of the trial, of the individuals concerned in the raid commenced on Canada last spring. Immediately on the receipt of that note I transmitted a copy of it to Her Majesty's Government, and I await their instructions before entering at length upon the several and weighty subjects contained in it. The course pursued by the Canadian Government in bringing these cases before the regular tribunals of justice, thus securing to the prisoners the full protection the law affords to the accused, and the readiness shown by them to communicate all such documents to the Consul of the United States, as may throw light on the justice of the sentences and the regularity of the proceedings will, I trust, satisfy the Government of the United States that, while vindicating the majesty of the law the authorities do not conduct the prosecutions in any vindictive or harsh spirit. I am, moreover, authorized to state that the whole question of the disposal of such of the prisoners as may be convicted has been referred for decision to Her Majesty's government, who will certainly be animated by the desire, so as to deal with it as to secure peace and harmony between the populations living in such immediate proximity, and separated by a long frontier so easily traversed. I have the honor to be, with the highest consideration, sir, your most obedient and humble servant.

FROM THE PACIFIC.

A Memorial to Congress—The Pacific Mail Steamship Company.

SAN FRANCISCO, November 15.—The Chamber of Commerce of this city unanimously adopted a memorial to Congress, which, after reciting the previous action of the Chamber, sets forth that the act of Congress requiring the Pacific Mail Steamship Company to perform thirteen trips yearly to China, in consideration of being allowed to leave Honolulu out of the regular route, causes great inconvenience to the travelling and mercantile community; disarranges plans for rapid steam communication with the ports of China and Japan, and is oppressive to the Company designated to perform the contract; that thirteen trips involve the necessity of another steamship and an additional yearly expense of one hundred and thirty thousand dollars, without advantage to the Government, the public or the Steamship Company. The memorial closes by asking Congress to permit the Company to make twelve trips per year to China, without touching Honolulu, and to increase the subsidy for mail service to the Sandwich Islands from $50,000 to $100,000 yearly.

FROM CANADA.

Relief From London for Quebec—Collision of Steamers—Forger Arrested.

QUEBEC, C. E., November 16.—The Mayor has received another Cable dispatch from London, authorizing him to draw for twenty thousand dollars more for the relief of the sufferers by the late fire. This makes a total of seventy thousand dollars from London.

A grand amateur concert, under the patronage of the Governor General, last night, for the benefit of the relief fund, realized a considerable amount. A large number of mechanics and laborers are leaving for the States since the fire.

Heavy rain is falling.

MONTREAL, C. E., November 16.—The steamers Ospray and Whitby collided near Rachine. The Whitby sunk. No lives lost.

Daniel McNiven was arrested for extensive forgeries.

Indian Affairs.

WASHINGTON, D. C., November 16.—The Commissioner of Indian Affairs has received letters from the special agents recently dispatched to the Wrapahous, Cheyennes and confederate band of Sioux Indians to ascertain the disposition of those tribes toward the Government, and to inquire into the various reports which have been made regarding their hostile attitude. The information received from those agents is of a satisfactory character, and not only is it probable that peace will be maintained, but it is also reported to the Bureau that the release of two white women prisoners, in the hands of the tribes on that line of the Territory, will be obtained.

Was Not a Delegate.

NEW ORLEANS, Nov. 16.—Mr. G. Gordon Adams, who was reported a delegate from Mississippi to the Philadelphia Convention of Southern Loyalists, is out in a card, wherein he says he was not a delegate, and is no politician, nor did he know until a few days since that he was appointed a delegate to the Pittsburgh Convention, nor the person appointing him. His political opinions, he adds, are of no importance, as he expects never to hold or seek office.

New York Divorce Cases.

NEW YORK, November 16.—The decrees of divorce since Monday, in this city, make an aggregate of seventeen absolute divorces on the ground of infidelity, thus far during the week, and four judgments of separation from bed and board, on account of cruelty, inhuman treatment, neglect, &c., on the part of husbands. The number of similar cases pending in the different Courts of this city, at the present time, is between seven and eight hundred.

Billiard Tournament.

HARTFORD, CONN., November 16.—At the billiard tournament to-day four games were played. Up to the present time it is impossible to say who will take the golden cue. Michael Phelan and John McDevitt of New York are present, and other celebrities are expected to-morrow.

ANOTHER FENIAN INVASION.

The British Provinces to be Again Attacked—Military Organizations.

NEW YORK, November 16.—The *Evening Express* says: The most active preparations are now being made at the Roberts headquarters for a grand movement against Canada. During the last fortnight some of the leading military officers of the organization have held consultations in relation to the martial programme to be adopted when the Fenian forces move from their respective States across the frontier. The result of their deliberations is at present a profound secret, but Generals O'Neill, Spear and President Roberts frankly avow that the new movement means work against the British authorities in Canada.

It is said the descipline of the next army of invasion will be far superior and more effective than that of which the detachment at Limestone Ridge was the advanced guard. Twelve thousand men have already been enrolled under the title of "Fenian Avengers," who have pledged themselves to be ready at any moment to prevent the execution of Lynch and the other prisoners.

These have been divided into regiments and brigades, and when all the men deemed necessary shall have taken this pledge operations will commence.

FROM THE ARCTIC OCEAN,

News from Dr. Hall's Expedition in Search of Sir John Franklin—Meteoric Display.

NEW YORK, Nov. 16.—The steamer Pioneer returned to New London, Connecticut, on Wednesday night, from a six months' cruise in the Arctic Ocean, after whales. She penetrated as far as the icebergs and communicated with Dr. Hall and his party who were looking for traces of Sir John Franklin's expedition, on the 26th of July, at which time they were all well. The voyage was more successful than that of any other vessel in the same waters, and it has demonstrated the practicability of our whalers using steampower. The officers of the Pioneer report that on the night of the 13th and morning of the 14th, a splendid display of meteors was visible from the ship. The Pioneer at that time was between thirty and forty miles southwest of Montauk Point.

Prof. Loomis on the Meteoric Shower.

NEW YORK, November 16.—Professor Loomis, of Yale College, writes concerning the late expected meteoric shower, explaining all that is known of meteorolites, and says that on Monday night, November 12th, a company of observers at that place counted 686 shooting stars in five hours and twenty minutes, which is about four times the average number visible for the same period throughout the year. On Tuesday night, November 13th, another company counted 881 shooting stars in five hours, which is five times the number. On Wednesday night the sky was overcast, so that no observations could be made. We consider, then, that the number of shooting stars visible about the 13th was very remarkable; nevertheless, this display is not to be compared with that of November 13th, 1833, in which the number of meteors was variously estimated at from ten to thirty thousand per hour.

The grand display, therefore, which it was supposed might possibly occur this year, has not been witnessed in the United States, and probably not in Europe, or it would have been announced to us by telegraph. It may have been witnessed in Asia or on the Pacific ocean, but if such had been the case, it seems probable that the number visible in the United States would have been greater than it was. The telegram in this morning's *Herald*, purporting to have come from Greenwich, is evidently spurious. It is, therefore, probable that there has not been witnessed, this year, in any part of the world, a display of meteors at all to be compared with the grand display of 1833.

Grand Horse Exhibition—Silas Rich Beats Dan and Patchen—Accident at the Race Course.

BALTIMORE, November 16.—The horse fair was largely attended to-day. The first race was for colts, best three in five, for a purse of two hundred dollars. It was won by Whitefoot. Time, 3:05. The second race was three miles and repeat, in harness, for a purse of two thousand dollars. The entries were Silas Rich, Dan and Patchen. It was won by Silas Rich. Time, 7:57.

To-morrow will be the last day. The proceeds are announced to be for the benefit of the poor of Rockingham county, Virginia. Dexter is to run against time, and the horses fly away. Sleepy Davy and Warwick are entered for a contest.

During the race this afternoon a portion of a staging gave way, precipitating some twenty or more persons to the ground, and producing some excitement. No one was severely injured.

Reduction in Government Expenses.

NEW YORK, Nov. 16.—Judge Edwards, of Vermont, of the Committee of Congress, instructed to ascertain in what branches of the Government service expenses can be reduced, and what reforms ought to be made, has been at the Custom House for two days, and has examined several persons in regard to salaries, perquisites, fees, etc., frauds or attempted frauds, the recent political tax in the Customs and Naval Office and the Surveyor's Office, and the probable effect of a change in the Revenue Department, which should make the tenure of office depend solely upon the good behavior of the office-holder. There are several objects of inquiry, but these are the most prominent.

Trotting at Boston—The Twenty Mile Race Off.

BOSTON, November 16.—The great twenty-mile trotting horse, Captain McGowan, attempted the feat of trotting twenty miles inside an hour to-day, on the River Side Park, a half-mile track, but when he had accomplished thirteen miles, which he performed in good style, he was withdrawn from the track as the heavy condition of the track was too much for him. The parties to the race waived the "Goddoy and Godtrack" on the suggestion of the Judges. The time of the thirteen miles was 38 minutes and 52 seconds, the quickest mile being made in 2.43¾, this being the second.

General Assembly South.

MEMPHIS, November 16.—The General Assembly of the Presbyterian Church, were engaged during the day, principally in discussing the rules and parliamentary orders reported by the Revision Committee, and hearing the reports from the Executive Committee on Domestic Missions, Education, &c. The proceedings of the Assembly awaken a general interest. Its deliberations are harmonious, and the greatest cordiality and good will seem to prevail.

Important Arrest—Death of Hon. Timolon Craven.

LOUISVILLE, Nov. 16.—Walter Scott, who recently committed a heavy robbery in Cincinnati, was arrested to-day for forgery. Important papers were found on his person.

Hon. Timolon Craven, a prominent politician of Southern Kentucky, died at Columbia on Wednesday.

Terrible Storm—Bridges Swept Away.

HIGHLAND FALLS, (N. Y.,) Nov. 16.—While the furious storm of last night was prevailing the upper and lower mill-dam, belonging to James Connolly, in this place, with a large amount of property belonging to other individuals, and both bridges spanning the river, were swept away. Many dwellings were much damaged.

$35,000 Stolen.

BOSTON, November 16.—Yesterday afternoon a young man called at the store of E. & M. Faxon, leather dealers in Pearl street, and under pretence of getting a bill changed, managed to steal money, notes and securities valued at $35,000, with which he escaped.

Fatal Railroad Accident.

GUELPH, C. W., November 16.—The Day Express going west to-day was thrown off the track near Guelph, by a broken rail. An express messenger, named Weeks, was killed on the spot. Several passengers were injured; none fatally.

Storm—Shipping Damaged.

NEW YORK, November 16.—A terrific storm prevailed along the Eastern coast, on the 14th inst., doing much damage to shipping. Many vessels have put into Fortress Monroe for a harbor.

Destructive Fire.

LOUISVILLE, Nov. 16.—A fire took place at Nashville this evening, destroying the wholesale grocery store of J. S. Mundy. Loss, $10,000; partly insured.

Postmaster Appointed.

WASHINGTON, Nov. 16.—Robert A. Gilmore was to-day appointed, by the President, Postmaster at Chicago, in place of Samuel Howard, removed.

—Mr. Shellabarger, of Ohio, is one of the coolest as well as ablest members of the present Congress. In a recent speech at Xenia, he said: "Let it be understood, 'by all whom it may concern,' that Tuesday's elections meant that whilst this nation has a mantle for a fault of inauguration day, and a Lethe for him who merely outrages all the proprieties of official station and of private life, yet for him who presumes to touch the sacred life of the Government, this nation has an axe. And let me in calmness and charity say to the President that Tuesday's elections signify that, should one step be taken by him to put into execution that threat that the Congress is to be ignored, then speedily, relentlessly, on his official head that axe will fall and then a bad President will be remembered as eminent only as a national dishonor."

—The official report in the recently published Tax Digest of Georgia closes with these words: "Comment upon the sad and lamentable statement of facts is unnecessary, it being but too true that almost four-fifths of the entire wealth of Georgia has either been destroyed or rendered unproductive."

The Reward of Ruffianism.—Mr. Rice, of Bloomfield, was knocked down by a couple of ruffians a few nights since, and robbed of his pocket-comb. He had no money.

Methodist Protestant General Conference—Third Day's Proceedings.

Yesterday morning the Conference met at half-past eight o'clock the President, Dr. Scott, in the chair.

After religious exercises, which were conducted by Rev. Mr. Snowden, the minutes of Thursday's session were read and approved.

The Committee on Sabbath Schools, through their chairman, Rev. J. H. Hamilton, submitted a report. The report was read and laid over for future consideration.

Mr. Rinehart, from the Committee on Finance, submitted a report which was read and laid over.

The Committee on Ministerial Education asked and obtained leave to retire to deliberate upon the matters referred to them.

On motion of Dr. Flood the hour for the commencement of the morning session was changed from half-past eight o'clock until nine o'clock.

Rev. R. Rose submitted a report from the Committee on the College at Springfield, Ohio. Read and referred to Committee on College Interests.

Mr. Gunkle, layman, submitted a report from the committee appointed at the Convention of 1862, to visit Adrian College, with a view of making arrangements for securing the transfer of the college for the use and benefit of the Methodist Protestant Church. The report was read and referred to the Committee of College interests.

Dr. George Brown asked and obtained leave to call for information respecting the vote of the several annual conferences upon the question of union, and clothing delegates with conventional powers.

Prof. McKeown, of Adrian College, Rev. Mr. Wyatt, Rev. E. B. Snyder, of the Methodist Episcopal Church, Rev. Mr. Weber, of the German Methodist Episcopal Church, and Rev. Mr. Banks, of the Baptist Church, were severally introduced, and invited to honorary seats within the bar of the Conference.

On motion, the Committee on Publishing Interests, was increased by the appointment of Dr. Reeves and G. W. Kent, as additional members.

On motion Rev. Mr. Seaman, of the New York Conference, was granted leave of absence.

On motion Rev. J. J. Smith was appointed to fill the vacancy in the Committee on Publishing Interests, consequent upon the retirement of Rev. Mr. Seaman.

The report of the Committee on Finance was called up, and after some discussion, was laid on the table until after Conference had acted on the question of Union.

The President announced the following additional Standing Committees:

On Judiciary—Revs. R. Rose and J. Kost, and Mr. J. Manly.

On Executive—Revs. J. Cowl and J. L. Scott, and Mr. T. Douglas.

On Examination of Records—Mr. W. H. Marshall, Rev. F. F. Finkbine and Mr. T. Chambers.

On Communications and Memorials—Revs. A. H. Bassett and V. Lucas, and Mr. W. Miller.

Dr. Brown submitted the report of the Committee on Boundaries of the Pittsburgh Annual Conference in reference to the admission of the Sixth Street Church, Cincinnati, into connexion with the Pittsburgh Conference.

Rev. A. H. Bassett read a memorial from the Ohio Conference on the same subject.

On motion, the papers were referred to a special committee consisting of Revs. E. A. Wheat, of the Gennessee Conference, Rev. Joseph Hamilton, of Muskingum Conference, and Mr. Francis Scott, also of Muskingum Conference.

The hour for adjournment having arrived, the Conference adjourned with prayer by Rev. Mr. Carlton.

AFTERNOON SESSION.

Conference was opened with religious services, conducted by Rev. B. Edmiston.

Mr. Edward Moore, a layman of First Church, Pittsburgh, the oldest Methodist Protestant in the city, and a devoted friend of the Church at large, was introduced, and invited to an honorary seat within the bar of the Conference.

Rev. S. F. Scovil, Pastor of the First Presbyterian Church, Pittsburgh, was introduced and invited to an honorary seat.

Rev. J. H. Hamilton, of Muskingham Conferences, asked to be excused from serving on the committee appointed to report on the case of the Sixth street Station, Cincinnati, but Conference refused to grant his request.

This is an intricate and somewhat interesting case, and will probably elicit considerable discussion in the Conference. The Sixth Street Station, Cincinnati, has been a pioneer church, and the center of influence and power in the Ohio Conference. Owing to some difficulty regarding the relation of its pastor, Rev. H. M. Sneed, to the Conference, and his standing in the church, a trial was instituted by the Ohio Conference, which resulted in the establishment of serious charges against the moral character of Sneed. The Sixth Street Station were dissatisfied with the *method* pursued in the trial, and became disaffected toward the Conference, and thereafter controlled their own affairs, until last September, when the Station made application to be received into the Pittsburgh Conference, which application was granted by that body, with a reference of the whole procedure to this General Conference. The resolutions of both the Pittsburgh and Ohio Annual Conferences, in reference to the case, were read in General Conference yesterday afternoon, and referred to a special committee of three.

Other papers relating to the case were on the table, and a motion was made to refer them also to the committee.

An amendment was moved, that the additional papers, as well as the Conference resolutions, be read before reference. Carried.

Dr. Flood moved that the papers be again laid on the table. Carried.

Rev. S. Morrison, of the Indiana Conference, read the following paper, which on motion, was referred to the Judiciary Committee:

WHEREAS, In many localities, it is difficult to engage ministers to serve on a committee of trial in case of a charge of immorality against a minister, therefore,

Resolved, That provision be made in the Discipline, that in such cases "Laymen may serve on a Committee of Trial, with the consent of the accused."

Rev. J. B. Walker, of Ohio Conference, Corresponding Secretary of the Board of Missions, read a Report of considerable length and interest, which, on motion, was appropriately referred.

The Committee on Pulpit Services for next Sabbath reported.

On motion, adjourned. Prayer by Rev. E. R. Swift.

Hillerman's.

We would call the attention of the purchasing community to the advertisement of Hillerman, No. 75 Wood street, in another column. This gentleman has just received from Europe, Asia, and New York an immense assortment of hats, caps, furs, capes, victorines, muffs, and sleigh and carriage robes, which, in either beauty or durability, will vie with any other stock in the city, while the scale of prices has been fixed so low as to put the best quality of goods within the pale of the most limited exchequer. Country merchants desiring to purchase goods for the retail trade, will find it to their advantage to give Hillerman their patronage, as he is prepared to offer superior inducements to such buyers. Remember the place, No. 75 Wood street, west side, near Fourth.

St. Luke's Free Mission Service and Sunday School—recently commenced at Skating Park Hall, Ninth ward, was very largely attended; the interest manifested both in the service and school is noteworthy, although but the third Sunday since the effort to gather a school from the outlying population—about seventy boys and forty girls were in attendance. Divine service is held at 10½ every Sunday morning, and Sunday School at 4½ in the evening. Old and young of the vicinity are earnestly invited to attend these services and instructions. Conducted by devoted christian men and women, who give their time and best efforts to this charitable work without fee or reward.

Amusements.

OPERA HOUSE.—E. L. Davenport has been the attraction at this house during the week ending to-night, opening on Monday evening last in Hamlet to a good, though not crowded house, since which time he has appeared as Othello, Sir Giles Overreach, Rover, and Benedick, in Shakespear's beautiful comedy of, "Much Ado About Nothing." Appearing in such a round of characters as those mentioned, gave ample opportunity to exhibit his versatility and ability as an actor. That he has done so satisfactorily, is evidenced by the approbation bestowed upon him during each performance, and that the auditorium is nightly thronged with a class of people who only appreciate the better quality of plays, and the highest standard of acting. We cannot call Mr. Davenport a great actor, we having none of that extraordinary genius which is essential to greatness, but this we can say, and that truthfully, that he is a good one. Gifted with a fine stage presence, and a delicate sense of what the character he assumes requires—never offending the ear by an unnatural rant—his representations cannot fail to please the discriminating lovers of the drama. To-night he appears for the last time during his present brief engagement in a favorite part.

THEATRE.—The attendance at this establishment during the week has been good, the house on no evening, however, being crowded. The popular actress, Vestvali, has been the star, opening on Monday evening, in her great specialty of "Gamea," which was reproduced on the following evening and then set aside to allow Vestvali an opportunity to appear as Romeo, in the tragedy of "Romeo and Juliet." "Gamea" had the boards on Thursday again, while the operatic drama of the "Brigands," the third act of "Deborah," and one scene from the opera of "Lucretia Borgia," formed the bill of entertainment last evening. The great beauty of this lady's impersonations is the force and power which she breathes into every line of the text as if she felt intensely every word she utters. This she carries to excess at times, and it mars some of the finer feminine roles, robbing them of the delicacy that properly belongs to them. Vestvali remains another week, appearing in some of the best pieces in her extensive *repertoire*.

ACADEMY OF MUSIC.—The well known musical celebrity, Miss Lina Scriba, will give a grand Concert, on Tuesday evening next, at the Academy of Music, for the benefit of the First German church, West Manchester. Miss Scriba will be assisted by a corps of vocalists and musicians selected from the best talent of the two cities. The programme is large and good, and all who attend will doubtless be highly edified. Tickets for sale at all the music stores.

Insane Man Jailed

Alderman Morrow yesterday received the following information, which had been taken by Z. B. Los, Esq., Justice of the Peace for Fayette township, and which explains itself:

Personally appeared before me, one of the Justices of the Peace in and for said county, James M. McElroy, Superintendent of the Allegheny County Home, situated in South Fayette township, who, being duly sworn, doth depose and say, that William McElroy, an insane man lately escaped from Dixmont Hospital, came to said Home some days ago, and that since then he has, at different times, been quite disorderly, and this morning, about ten o'clock, did, by force and violence, abuse one Kriner, a deaf and dumb inmate, and took from him the wagon and team with which he was hauling coal, and that when the said deponent restored the team to said Kriner, the said William McElroy took up a stone and threatened his life, and also swore that he would take the life of said Dutchman, if it took him ten days to do it; and that he considers said William quite dangerous not only to the safety of the inmates of the Home, but to the property of the county, and further saith not.

A warrant was issued, and shortly afterwards the crazy man was arrested at Hare's Hotel by officer Wrigley and lodged in jail. This man McElroy is better known as the "Anti-Renter." He escaped some time ago from Dixmont and was retaken and conveyed to the Poor Farm. When the information given above was made, he escaped from the Farm and came to the city, with the result stated.

To the Ladies.

Nothing is so imperatively necessary to a woman's complete happiness as fine and fashionable clothing. As well might you attempt to rob the brilliant rainbow of its many hues, the flowers of their colors, and the trees of their verdure, as to take from the feminine portion of humanity their passion for rich costumes. Their fair forms are peculiarly adapted to set off with effectiveness all the vagaries of attire, and no matter how sensible or strong minded a woman is, she cannot curb her admiration or desire for fine garments. In view of this fact, we opine that any information that will tend to aid our lady readers in selecting their winter wardrobe, at this particular season, will be gratefully received by them, and hence it is we would call their exclusive attention to the immense stock of dress goods, shawls, and every species of dry goods just received at the popular house of Bates & Bell, No. 21 Fifth street. Their assortment, which has just reached here from the East, comprises every color, quality, and texture of poplins, merinos, silks, satins, velvets, and all sorts of woolen and cotton goods, together with cloaks, sacques, and in fact, everything requisite to the adornment of the greatest connossieur, in matters of dress. The prices are fixed at the lowest possible figures, and all who favor Messrs. Bates & Bell with their patronage, cannot be otherwise than pleased with their experience.

The Weddell House, Cleveland.

The visitor to Cleveland should not fail stopping at the Weddell House, located on the corner of Superior and Bank streets, a short distance from the new Union Depot. It is one of the finest, best managed and most comfortable hotels in the United States, far surpassing nine-tenths of the first class houses of the metropolitan cities. The exterior of the hotel is magnificent, while the interior is complete and grand. The bill of fare embraces every thing which the most fastidious epicure could desire, while the waiters are agreeable, obliging and accommodating. The proprietors of this popular house, Messrs. J. H. & A. W. Kirkwood, know how to keep a hotel, and we are pleased to learn that their earnest efforts to cater to the wants and pleasure of the traveling community, are being liberally rewarded by a large share of public patronage. Our urbane and obliging young friend, L. A. McCreary, Esq., formerly of the Monongahela House, this city, occupies the clerk's office, and takes care to look after the comfort of Pittsburgh guests. If you are in Cleveland stop at the Weddell House.

Domestic Intelligence.

What causes so many weak eyes, sunken, colorless cheeks and wasted and stooping forms among the ladies of our land? What else but the drudgery of sewing with the needle every moment that can be spared from more active work. The Weed Sewing Machine, for sale by R. H. Long, 112 Grant street, is within reach of all, and is the best now in use. If the purchaser does not regard it superior to any machine, he can return it and have his money. It makes the best stitch, and is the cheapest machine by 20 per cent. Warranted four years.

Common Pleas.—Only one case was disposed of in the Court of Common Pleas, yesterday, and that was the case of D. L. Patterson vs. Jas. Gillespie, to recover the sum of five hundred dollars, with the interest thereon, obtained by the defendant, as is alleged, by false and fraudulent representation. The defendant was agent for the Iron City Oil Company in 1864, and on July 29th of that year, by representations which the plaintiff declares to have been false, induced the latter to subscribe the amount mentioned, to the stock of the company. The jury found a verdict for the plaintiff in the sum of $569.

An Abandonment Case.—Alderman Strain had before him, yesterday, John Porter, of the Third ward, on a charge of abandonment preferred by his wife Anna Porter. The prosecutrix alleges that her husband has for some time past refused to contribute to her support, and as she had reason to think he intended to leave the State, she desired his immediate arrest. Porter was engaged as cook on board the steamboat Yorktown, and when the boat came up from the "ways" on Thursday night, he was arrested by officer Wilmot. He was held for Court in the sum of $300.

The Third Lecture.—We are informed that the next lecture of the Young Men's Library Association, will be delivered on the 27th inst., by Theodore Tilton, editor of the New York *Independent*. Mr. Tilton's ability as a scholar and orator, are too well known to need any commendation at our hands, and the mere announcement will be sufficient to fill the house. The Lecture Committee have made engagements with some of the most eminent lecturers, and the season bids fair to be a most successful one in every respect.

Attempted Suicide.—The Meadville *Republican* says: A woman by the name of Swap, living near Albion, Erie county, cut her throat with a butcher knife a few weeks ago, while her husband was present and in the house. It is claimed that it was on account of some jealousy, but the neighbors seem to think the jealousy was without cause. She is recovering. Much feeling exists among the neighbors.

Hearing Postponed.—The hearing in the case of Grogan and Wilson, which was to have taken place yesterday, was postponed until ten o'clock this morning.

A Word to the Purchasing Community.

The immense business transacted at the mammoth salesrooms of T. A. McClelland, Nos. 55 and 57 Fifth street, may be judged from the constant arrival of bales and boxes of goods which are daily put off at the depot for this establishment. Constantly watching for favorable terms in market and for heavy auction or sheriff sales in the East, the proprietor picks up bargains which enable him to dispose here of his goods and articles of merchandise, at prices which were cheap six years ago. The public thoroughly appreciate the system, which, after all, is more than mutually advantageous to them, and the result is, Mr. McClelland finds ready and rapid sales. The stock kept constantly on hand is really enormous, and embraces all styles of fashionable dress goods, muslins, linens, flannels, tweeds, cloths, cassimeres, silks, velvets, country blankets, eastern blankets plain and fancy, boots, shoes, slippers, gaiters, hats, caps, furs, carpets, shawls, and thousands of articles which are used in the household, or are worn for comfort or adornment. There is but one price—that so cheap that few will "dicker," and a large force of clever and gentlemanly salesmen are constantly in attendance to wait upon trade. For good articles of any and every description we advise our readers to call at McClelland's. Do not be discouraged if the store is crowded with customers, as there are always enough salesmen to wait upon you. Jobbers and country merchants who are about laying in their holiday stocks should call at once at McClelland's auction bazaar, and examine the stock and inquire the prices. They will find to their own satisfaction that they can purchase there to better advantage than at any Eastern auction house or trade mart. Remember the place, under Masonic Hall, 55 and 57 Fifth street.

Singular Accident.—The Monongahela *Republican* says: One day last week Mr. Adam Wickerham, a farmer residing in Carrol township, while hauling on his farm, was thrown to the ground by a sudden sideling start of the saddle-horse, a colt, which became entangled in the harness, and fell upon him. This drew the other back, and becoming entangled also, the whole team was thrown into confusion, Mr. Wickerham being crushed to the ground, and nearly killed. Dr. King dressed the wounds, which are not considered dangerous.

Narrow Escape.—On Saturday morning, Mr. Will Ketchum, driving down the river hill, near Monongahela borough, in company with Mrs. Francis Gardner, in a buggy, made a narrow escape from a fearful accident. When just above the Alum Rocks, his horse taking fright, jumped off towards the precipice, just giving the parties in the buggy time to spring out, which they successfully accomplished, but the horse and buggy went tumbling over the rocks, rolling down to the very river's edge. It was indeed a narrow escape.

Sunday School Centenary Meeting.—The several Methodist Protestant Sunday Schools of Pittsburgh, Allegheny and Birmingham, will hold a union meeting to-morrow, in the First church, Pittsburgh, at two o'clock, P. M. Addresses will be made by members of the General Conference and others, and the music will be conducted by the schools. The children of these respective Sunday Schools are requested to meet to-day at 3 P. M., at the lecture room of the First Church, to rehearse their music.

Sad Accident and Death.—One day this week, while men were threshing for Mr. Abner Evans, residing on the farm of Mr. John George, in Unity township, Westmoreland county, his little daughter, some fourteen years of age, came in contact with the "tumbling shaft," which caught her clothing, and instantly she was taken up and made to revolve, dashing her head upon the floor. Before the machine could be stopped she was so mangled that she died.

Accidents in the Mines.—A number of accidents, none of them fatal, however, have recently occurred in the mines of the Cambria Iron Company. We note the following: Wm. J. Harris, of the Second ward of Johnstown—leg broken. A boy named David Harris, of the First ward—arm broken. William Lewis, of the Second ward—burnt in hands and face by the premature explosion of a blast. James Meegan, of Cambria City—burnt in face and arms by fire damp.

A Mean Man.—Frederick Ketterly, a resident of Troy Hill, has been sick for some time. Yesterday he appeared at Alderman Taylor's office and alleged that Tobias Franz, living on Virgin alley, had visited the house of the deponent while the latter was confined to his bed with sickness, and had violently and wantonly attacked him, pulling him out of his bed and variously abusing him. A warrant was issued for the arrest of the fighter of a sick man.

Surety of the Peace.—John Savage, of the Sixth ward, yesterday made information before Alderman Strain, charging Neil McElhone with surety of the peace. It is alleged that the defendant used insulting, abusive and threatening language towards the wife of the deponent. The case was held for a further hearing.

Horrible Accident.—On Thursday, the 8th inst., a melancholy accident occurred at the residence of Abraham H. Cassel, in Towamencin township. Mr. Cassel had hauled home a very heavy pump log, and in unloading it the log slipped, rolling over a little child only three years old, crushing it to death.

Abduction.—A young girl named Annie E. Green was abducted from Corry, a few days since.

Get the Best—hey Always Give Satisfaction.

Every week, Dr. Quincy A. Scott is called upon to insert Artificial Teeth in cases where other dentists *have tried, been paid, and failed*, and in every case *his work* gives entire satisfaction. He is quite an artist in his line of business, and has merely to examine a case know how to articulate the teeth so that they will present a handsome and natural appearance, and will masticate the food thoroughly. *His prices are lower than those of any dentist in the city*, and he will *guarantee* his work to be superior. So it would better for any of our readers who are in want of teeth, to call upon the Dr. in the first place, and thereby save their time and money. We would also *assure* those persons who are suffering with diseased and unsightly teeth that they can have them extracted *without any pain whatever*, by calling upon Dr. Scott. He has extracted for *over ten thousand* persons within the last seven years, and among this large number there is *not one case* in which his process has proved injurious. On the contrary, he can refer to numbers of his patients who claim to have been benefited in renewed health. He extracts numbers daily by the new "Rhigolone or Vapor" process, and gives pure Laughing Gas to those who desire it, without charge. He makes no charge for extracting when artificial teeth are ordered, and gives a full set on Vulcanite, with beautiful gums, for eight dollars. Remember his number, 2?3 Penn street third door above Hand.

TO YEARLY ADVERTISERS.

Owing to the large amount of advertising patronage with which we are favored, and for which we are duly thankful, and the increase of our circulation, altogether beyond our present means to supply as promptly as we ought, we find it generally inconvenient, and sometimes quite impossible, to insert changes for yearly advertisers, unless left at our counting-room before seven o'clock in the evening.

CATHOLIC PASTORAL.

Before and during the sitting of the late Plenary Council at Baltimore, considerable speculation has been indulged in regard to its probable action on some important questions of interest both to other religious bodies and the public generally. At the close of the sessions of this august body, on the "Feast of the Maternity of our Lady, October 21st, in the year of our Lord 1866," a Pastoral Letter was addressed by the Archbishops and Bishops to the clergy and laity of the churches, in which was set forth the action of the body on certain questions. The paper is signed by seven Archbishops and twenty-eight Bishops. Besides these Prelates, there were in attendance twenty Vicar Generals, twenty-one Superiors of Religious Orders; seven Superiors of Theological Seminaries, and ninety-five Theologians. It is a dignified document, well written, terse, and couched in bold, decided language. As it would fill several columns of our paper, we can only give a brief synopsis of the salient points of this remarkable circular letter.

The pastoral opens with a brief statement of the prerogative of Plenary Councils, whose object is not ordinarily to define the doctrines of the Church, although they furnish suitable occasion for making authorative statements of them, but their principal object is to regulate discipline, whether by the correction of abuses or the establishment of such rules as circumstances may require. It is claimed that the authority exercised in Plenary Councils is original, not delegated; and hence their degrees have from the time of their promulgation the character of Ecclesiastical Law for the faithful. And this authority is Divine in its origin, the Holy Ghost having placed "Bishops to rule the Church of God." Much stress is put upon the Ecclesiastical authority of the Prelates. Arguments are adduced to prove the position assumed. The doctrine is clearly taught that no Catholic will be guilty of disobedience towards his own Bishop. They are to be respected and obeyed. In the exercise of this prerogative the Prelates require their members to avoid secret societies, and all associations deemed unlawful by them on the peril of their souls, because the authority they exercise in such cases is that of Him who has said: "He who hears you hears me, and he who despises you despises me; and he that despises me despises Him that sent me."

Next point discussed is the relations of the Church to the State. The assertion that the claims of the Church are incompatible with the independence of the Civil Power, is stoutly denied. On the other hand, it is affirmed the authority and influence of the Church is favorable to the support of the temporal authority by which society is governed. It is urged that the Catholic has a guide in the Church as a Divine institution which is higher in authority than the State. While acknowledging the rights of the General and State governments of our country, it condemns in strong terms the withholding of the right of the Church to possess property, churches, asylums, &c., on the grounds of her refusal to conform to the general laws, in the matter of the tenure of ecclesiastical property. This course by State Governments, with few exceptions, shows a distrust of their ecclesiastical power, and is the fruit of the misrepresentations which have been made for ages.

In view of the changes which have taken place in the temperalities of the Holy Father, produced by the loss of certain fertile productions of the States of the Church, his position has become critical and embarrassing. The plea is urged that in order to enable him to assist those who are dependent on him, and to carry on the affairs of the Universal Church, it is absolutely necessary that the children of the Church in all parts of the world should come to his help. It is recommended that an annual collection be taken up in all the Dioceses of the country on the Sunday within the Octave of the Feast of Peter and Paul. Considerable space is taken in condemning the alleged violence of Italy towards the Pope.

The solemnity of the Marriage vow, it is avowed, assumes the sacredness of a Sacrament, and the views of the Church are directly opposed to the theory that marriage is a mere civil contract, which the Civil Power is to regulate, and from which an injured or dissatisfied party may release himself, or herself, by the remedy of divorce, so as to be able lawfully to contract new engagements. It condemns this false theory, from which would follow polygamy. It boldly declares that no State law can authorize divorce, so as to permit the parties divorced to contract new engagements; and every such new engagement, contracted during the joint lives of the parties so divorced, involves the crime of adultery. It contends the cause of unhappiness arises from the neglect of the Church laws in reference to this subject. These laws forbid certain degrees of consanguinity and affinity, and between Catholics and non-Catholics.

The power of the press, by the publication of books and newspapers, is conceded. But the members of the Church are to confine their reading as a general thing to the authorized publications of the Church. The fact that Bishops make use of certain papers to communicate with their Dioceses, does not imply thier sanction to the articles which appear in their papers. The publications of the Catholic Publication Society in New York are especially commended to the faithful.

Brief reference is made to the education and care of the emancipated slaves—the new field of charity recently opened up in the South. Regret is expressed that in accordance with the action of the Catholic Church in past ages in regard to the serfs of Europe a more gradual system of emancipation could have been adopted, so that they might have been better prepared to make a better use of their freedom, than they are likely to do now. Appeals are made to the clergy and laity to co-operate with the means that may be adopted by the Bishops of the Dioceses to extend to them Christian education.

Great commendation is expressed for the holy virgins, who, in the various religious communities, have taken the counsel of St. Paul, to choose the better part, that they may be holy "in body and spirit." Their state on earth is likened by Christ Himself to that "of the angels in Heaven." It is assured the privileges and rewards promised to these chaste spouses of Christ, and corresponding reverence with which they have ever been regarded in the Church, is great indeed. As the moon outshines the stars, so, in that Heavenly Kingdom, they will shine more brightly than those who have not emulated their purity.

Considerable space is taken in discussing the necessity, importance, of establishing of Parochial Schools, in order to insure religious teaching and religious training in every part of school education; commending and urging the establishment of Proctectories and Industrial Schools, for the correction and training of youth; calling attention to the Vocations of the Priesthood; congratulating the laity for their labors to advance the interests of the Church, and other matters of a kindred character, for which we lack space to elaborate.

MAIL GLEANINGS.

THAT THERE IS MONEY in the book and newspaper business appears to be fully demonstrated by an action brought by Julius Cahn vs. Lee Cahn, in the Cincinnati courts. The plaintiff and the defendant are brothers. The father, with a large young family, came to this country some years ago, and these boys, when quite young, engaged in the bussiness of selling books and periodicals to which they have regular stands in the hotels and other places, the business of selling fruit and cigars was added. It appears that the parents received a portion of the earnings, and that the provision and education of the younger members of the family was not lost sight of. L. Cahn, defendant, about the year 1860, opened a stand at the Galt House, in Louisville, and Julius was in the same business Cincinnati; and it appears besides the hotel business there was considerable done in selling on different railroads running out of Cincinnati. The plaintiff claims that in 1857 he and his brother Lee entered into a partnership, which was dissolved by mutual consent in 1862, and states that they commenced on a very small capital, the goods being, in fact, obtained mostly on credit, but that by reinvesting the profits of the business increased so rapidly, and the profits became so immense, that in five years the firm made an actual profit of $60,000; and, as a partner, he claims a judgment for $30,000.

THE INDEPENDENT FIRE COMPANY of Columbia, South Carolina, recently issued a begging appeal to similar associations of the North, asking for money to aid them in re-building their house and engines which were destroyed by Sherman in his memorable march. In response the New York Firemen's Association have purchased a splendid new engine and hose carriage, and will carry them in person to the begging sons of fire plug in Columbia.

THE Board of Police Commissioners of Baltimore have given up their offices and papers to the new Board. In a brief correspondence upon the subject, the old Board state that they firmly believe their right to hold the office, but since the police system of Baltimore may be impaired by longer antagonism between the two sets of Commissioners, they have concluded to withdraw from the field. Thus ends the Baltimore embroglio.

TIMOTHY McDONALD vs. James Kelly, was an action in a New York City court to recover damages from slander. The defendant and prosecutor occupied the same house, which was destroyed by fire. While the flames were raging Kelly lost his temper and charged Timothy with setting fire to his part of the premises. Hence the suit and hence $420 damages were awarded.

LUCRETIA MOTT, the fair and foolish advocate of woman's rights, solicits through the columns of a New York daily, "liberal contributions and cheering letters" from all friendly to the cause. When women have any other ballot box than the cradle, or any political circle outside of home, we may safely prepare for Judgment day.

A WASHINGTON CORRESPONDENT states that Secretary McCulloch is busily engaged in preparing his annual report. It will be very voluminous, and it is rumored that it will urge Congress for the passage of a law looking towards an early resumption of specie payments.

JOSEPH WINFIELD attempted to sever the thread of his life by cutting his throat, at Washington, on Wednesday last. He did not succeed in fully accomplishing his design, and will probably recover from his self-inflicted injury.

GIL WARD and William Stevens had an aquatic race on the Hudson on Wednesday. Ward's boat shot ahead and kept the advantage till his strength gave out and Stevens gained an easy victory. Time, 38:39.

LEWIS ELKIN, William Anspach and Geo. Morrison Coates have received the caucus nomination of the Union members of the Philadelphia Councils, for City Directors of the Pennsylvania Railroad Company.

AN ANNUAL MEETING of the Locomotive Engineers' Association, composed of members from all parts of the country, is now being held at Boston.

RAPHAEL PUMMELLY, a new lecturer upon "an overland journey around the world" is meeting with success in New York.

GARROTTING is again becoming popular in some of the eastern cities.

Curious Occupations in Paris.

A list was lately published, compiled from statistics of Paris trade, of a number of curious occupations and manufactures, supposed to be peculiar to Paris, although probably many of them are to be found in London. There are, however, a certain number of what are emphatically called "Paris articles," of which that ingenious and industrious city has the monopoly. Among these are the following: Twelve manufactories of artificial eyes and eight of pastry cooks' jackets, two makers of skates and forty corn-cutters, eighteen wholesale mustard merchants, seven constructors of lightning conductors, seven speaking trumpets and three bee hive makers, eight manufacturers of wooden heads for barbers and bonnet makers and three of corkscrews, sixteen dealers in vanilla and thirteen in leeches, forty-nine cutters of hares' hair for the hatters and thirteen manufacturers of helmets and hatchets for sappers, nineteen horse dealers and fifteen makers of reeds for clarionets, bassoons and hautboys, thirteen muzzle makers and four crutch-makers, eighteen gut workers and nine manufacturers of foot-warmers, and one breaker-up of carriages. None of these occupations, however, can compete, for singularity, with that of a young fellow who was lately taken before a Paris magistrate as a vagabond. "You have no occupation?" said the bench, inquiringly. "I deal in bits of halter for the use of gentlemen as plays." There is a superstition that a bit of rope with which a man has been hanged, carried in the pocket, secures luck at cards.

GENERAL NEWS.

—A case of death from fright is given in the Milwaukee Wisconsin, which occurred at Evansville in that State. A child five years of age, when playing on the steps, was threatened to be shut up in a dark room if he did not go in, and stay in the house. The child, frightened, ran in and fell in paroxysms on the floor. He begged his mother not to let the man shut him up and he would never go on the steps again. He sickened from this fright, and never recovered. When conscious, he begged his mother to keep the man away and he never would go on the steps again. And when the little fellow was dying, he said, "Papa, don't let me die. I never will go on the steps again."

—Among the articles discovered in the remains of the old lake dwellings in Switzerland are a variety of personal ornaments worn by women. They consist of simple perforated stones, of pendants of serpentine and petrifactions, such as ammonites limbs, of encrinites, corals of stag-horn and parti-colored stones, agate and glassy flux; necklaces of boars' and bears' teeth, and back combs of yew wood. One of the most remarkable objects found was a hair-pin with a large knob, several of which were stuck round the head so as to form a sort of crown. Some of the ornaments probably served as amulets also.

—A widow Cady and her daughter, in Utica, have had a quantity of stolen property, that was taken from them last summer by a burglar, returned in a strange way, including the daughter's desk containing her letters. The young lady lately received a letter notifying her that a box with the lost property might be found at the American Express Office, and stating also that if the writer ever married, she should be the bride. Reading the young lady's correspondence had awakened in the breast of the thief a stronger passion than avarice.

—"A Travelled Parson" writes to an English paper: "In some parts of Germany every bottle containing poison is labelled with a death's head and cross-bones, as black as printers' ink can paint them. Every parcel of poisonous medicine sent to the patient has a similar label over the address. Pray help me to urge upon our chemists and druggists the adpotion of this very simple method, which is plainly within the comprehension of the dullest boy that ever handled a pestle and mortar."

—The Commissioners appointed to recommend to the Vermont Legislature the contributions which that State should make to the national gallery of statuary at Washington, have decided upon statues of Ethan Allen and Senator Jacob Collamer, each to be 7½ feet in height. The work will probably be done by the sculptors Powers and Mead, each furnishing one statue.

—Cyrus W. Field, the Atlantic telegraph pioneer, was bankrupted by the financial storm of 1857. The success of the cable enterprise has brought back a portion of his lost wealth. He has sent a circular to every creditor of his house, requesting him to send a statement of the amount compromised, and as fast as presented, a check is returned full for principal and interest.

—The color-bearer of the 22d Wisconsin Volunteers, who had a leg shot off in the fight at Peach-Tree Grove, was recently offered the place of postmaster at Geneva. He promptly refused it, saying: "I lost my leg in the service of my country; I don't propose to sell the other to the enemies of my country, and throw in my principles."

—The government has sold the marine hospital at Charleston, S. C., to the Protestant Episcopal Society of that city, to be used as an arpuans' home and school for the education of freedmen's children. President Johnson has subscribed $1,000 to the fund to enable the society to make the purchase.

—Eben Fairchild, a wealthy citizen of Bridgeport, Conn., lately bequeathed $1,500 to his relatives, and the rest of his property, nearly $90,000, to the American Colonization Society. The heirs threatened to attempt to break the will, but the society have compromised with them by paying them $12,000.

THE LAWS OF HEALTH.—It is useless for State Legislatures to pass laws for the preservation of the public health, if the great law of self-preservation, which depends for its enforcement upon the will of the individual, is suffered to remain a dead letter.

There is scarcely an adult member of the community, of either sex, in this country, who has not seen the testimony in favor of HOSTETTER'S STOMACH BITTERS, furnished over their own signatures by persons of acknowledged eminence in science, literature, are, commerce, and every department of business and professional life. These witnesses have declared in the most explicit terms that the preparation is a safeguard against epidemics, a sovereign remedy for dyspepsia, a valuable anti-bilious medicine, a promoter of appetite, a genial and harmless stimulant, a good acclimating medicine, a strengthener of the nerves, a general invigorant, a protection against the deleterious effects of malaria and impure water, and that it imparts a degree of vigor and activity to the vital forces which is not communicated by any other of the tonics and stomachics in use. Under these circumstances the self-preservative law of nature should teach every rational person who, either by reason of inherent debility or in consequence of exposure to unwholesome influences, is in peril of the greatest of all temporal blessings, HEALTH, the importance of using the BITTERS as a defensive medicine. Dyspeptics who neglect to give it a trial are simply their own enemies. It is guaranteed to cure indigestion in all its forms, and the bilious and nervous will find nothing in the whole range of official and proprietary medicines which will afford them the same relief.

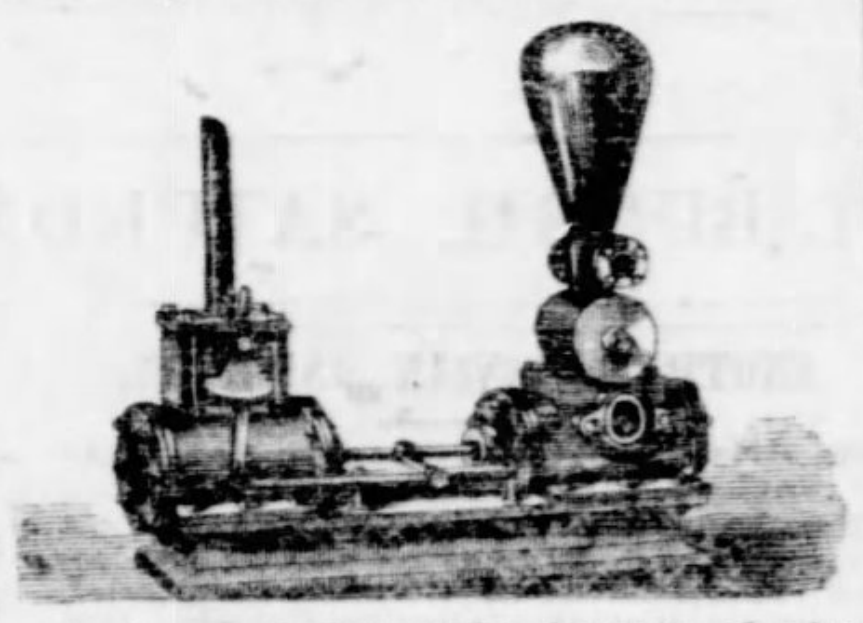
Patent Double-Acting
STEAM PUMP
AND
FIRE ENGINE,
FOR PUMPING
WATER, CRUDE AND REFINED OIL.



This Pump combines all the advantages of other styles of Pumps now in the market, with none of their defects. The Patent Steam-Valve applied to this Pump enables it to start at any point of stroke by simply opening the valve in the Steam-Pipe, and the Pump is sure to start at once without the use of a starting bar, or the annoyance of pulling a fly wheel around to get it off the centre. For Mining purposes this Pump is peculiarly adapted, as the Valves can be removed by unscrewing one nut and the Valve-Chest cleaned in a few minutes. As the Pump is simple in its whole construction, it does not require the neighborhood of a machine shop to keep it in working order. The Valve-Chest and Valves are made of brass or composition, and can be easily repaired or replaced when worn out. Any engineer can make a set of Valves for this Pump. As a Boiler Feeder, it has no superior, as it can be made to run at any speed, either slow or fast, to suit the work it has to perform. The undersigned respectfully solicit the patronage of their numerous customers, and the public generally to the merits of this Pump, and desire those wishing one to call and see it.

MRS. M. C. BROWN'S
METAPHYSICAL DISCOVERY,
Price, $4,00.
Offices—410 Arch St., Philadelphia,
51 Bond Street, New York.

No boring with instruments.
No blowing in the ears.
No snuffing up the nostrils or introducing wires.
No pouring medicines down the throat.
The METAPHYSICAL DISCOVERY will reach every spot that drugs and instruments will reach, and thousands of places besides.
Truth is mighty and must prevail; error is pregnated with death—consequently must sooner or later end in dissolution.

ARE YOU PREJUDICED!

In consequence of the prejudice existing against patent medicines, it is my earnest desire that my Metaphysical Discovery should not be received or classed with patent medicines of the age. You ask me why? I answer, because it is a *scientific speciality*, deduced from its principles and results, from all other remedies and preparations which have ever gone before it. And further, because the Metaphysical Discovery is the result of inherited power to trace effects to their first cause; therefore let it be understood that the Metaphysical Discovery is not only the result of inherited power, but also the result of a life of rare philosophic research. Truth is its law, in an unbeaten track.

Eyes, and They See Not.

Awake, ye slumbering world and behold yourselves and your children in the prison house of disease, from the cradle to the grave, betake yourselves to thought—think and live. The world is strewn with pain and agony into untimely graves. Mark, learn, that your friends die through experimenting. Every effect driven is a death blow to the physical system. Then it should not be an individual that was treated for anything but effect. There are many agonizing hearts, sorrowful homes and gravy graves through the use of instruments which torture, and medicines which destroy the system. The Discovery consists of three distinct preparations, which pass into the system by absorption through the Eyes, Ears and Scalp.

It is packed in a neat wooden case, and will be sent to any address in the world, on receipt of the above price.

CERTIFICATES OF CURES.

I, S. C. Chase, of Cambridgeport, Mass., do certify that I have been troubled with a bad catarrh for thirty years. I obtained Mrs. M. G. Brown's Metaphysical Discovery and in ten minutes after using it found relief. I have used the medicine faithfully, and it has been [illegible] of my disease. I believe my catarrh was eradicated from my system. [illegible]

CURE OF CATARRH, ASTHMA, &c.

Mrs. Cheever, residing at No. 6 Allen street, Boston, Mass., says: "I have been troubled for years with asthma, catarrh, and the 'threat.' I suffered from continual pain and distress in my head, so that at times I could not attend to my household duties, and I despaired of ever being cured. Providentially I heard of Mrs. M. G. Brown's Metaphysical Discovery. I obtained it, used it, and it has entirely cured me, and determined to keep a box of it always in my house."

MRS. GEORGE VAUGHN'S CERTIFICATE, OF MALDEN MASS.

This is to certify that I have suffered for ten years from dyspepsia, catarrh, and a long complication of diseases. For the past year I have been restless, and could not sleep at night. So exhausted had I become, that I was unable to do my household duties. It seemed to me that it seemed impossible to keep warm. For sometime my eyes were very bad, and everything dark. Myself and friends considered me in Consumption. In this state I went to Mrs. M. G. Brown and used the Metaphysical Discovery. I have used one box faithfully, and in this time [illegible] I can now say that I feel altogether a new being. My friends say I am quite changed. I know that I could not have lived. I feel grateful to God for the benefit I have received. I recommend Mrs. M. G. Brown and her mode of treatment to all who suffer.

CATARRH CURED.—MR. JEROME A. O'CONNOR, OF OLD CAMBRIDGE MASS.

This is to certify that I have been troubled with a bad catarrh for the last twelve years. This winter it became unusually troublesome. I was obliged to get up at night, owing to the mucus, which would cause suffocated me. I obtained Mrs. M. G. Brown's Metaphysical Discovery some weeks back, used it faithfully, and my catarrh began to give way at once. I now consider myself a cured young man, being entirely delivered from the terrible disease of catarrh. My wife has also been diseased in her lungs, and since using the Discovery so much so that the family thought she could not live. In the use of the Discovery she has received equal benefit with myself. I can cheerfully recommend the Metaphysical Discovery.

MISS E. LOGAN'S CERTIFICATE.

I, Emma Logan, do hereby certify that I have had a severe cough for six years, would cough and raise for three hours at a time, and could not lie down at night. I could not sleep and doctoring all the time, but was still getting worse. Providentially I procured Mrs. M. G. Brown's Metaphysical Discovery. I have used it one week, and have got rid of the cough. I now take a long breath without feeling any fatigue. I feel like a new person. No. 274 Hanover street, Boston, Mass.

A REMARKABLE CURE.

Of the worst type of Chronic Sore Eyes of Twenty-five years standing cured by my Metaphysical Discovery.

I, Elias B. Jeffries, do certify that I have been suffering for twenty-five years with diseased eyes, and my eyes were so bad, that I cannot describe the nature of all my sufferings, but will state that my eyes were in continual pain all the time. My cheeks and lips were down to my chin, and the matter from both eyes and face kept constantly dripping on my breast. All the doctors I applied to failed to render me relief, and I despaired of finding a cure. I was told of the wonderful cures made by Mrs. M. G. Brown. When people entered my breast, I went to see her, and brought home with me the Metaphysical Discovery, used it according to directions, and now both eyes and face are thankfully sound. I give thanks to God and the use of the Discovery. I am a cured man.

FIVE NEW CASES OF DEAFNESS IN AND AROUND PHILADELPHIA.

Noises in the Head, Running of the Ears, Still Neck and Sore Throat cured by Mrs. M. G. Brown, 410 Arch street, Metaphysical Physician, Professor of the Eye, Ear, Throat and Scalp.

The following persons have been cured of the [illegible] of my Metaphysical Discovery:

Miss Rebecca Watson, St. Paul street, Frankford, cured of deafness and noises in the head, can now hear the children called by their names in the next room.

William Einwechter, 1349 North Front street, a lad of about 14 years, was very deaf; can now hear a sound before. His whole system is benefited, as he [illegible]

Peter Kelly, 262 South Second street, was quite deaf in one ear, and could not hear in the other, has regained the hearing of both.

Daniel Humphreys, [illegible] township, had a swelled and stiff neck for eight years, could not turn his head without turning round his whole body; he also had a large lump on the ear, bad, and hard. All these have disappeared through the use of my Metaphysical Discovery.

A son of Captain David Ware, in Wilmington, Delaware, has been cured of deafness and running of the ears of 15 years standing. He spent large sums of money on different physicians, but could find no benefit, and was cured by Metaphysical Discovery, which immediately cured him.

CERTIFICATE FROM THE REV. P. S. HENSON, PASTOR OF THE BROAD STREET BAPTIST CHURCH, PHILADELPHIA.

From matter received in my right eye when a boy, a chronic inflammation has been produced, in consequence of which I have been in martyrdom. Every effect of my examination life was embittered, and it was almost impossible to see to read at night. A variety of remedies have been resorted to without success, removing the ball taken out of the socket, as a last resort, in the hope I received the hope of relief. In the meantime, most providentially, I noticed one day in a shop window a bottle of Poor Richard's Eye Water. I had never heard of it before, and I determined to try it, the effect has been the most gratifying results. In a few days the painful irritation was removed. I could see to read by the gaslight, and went forth as it were to the enjoyment of a new life. I now keep a bottle of it always by me, and if my eye seems at all out of sorts I give it a dose, and there is relief. I would not be without it for any money. Since that time I have had occasion to say further, that my wife's eyes, who has been given at times from inflammation, has been under a sovereign specific. Poor Richard's Eye Water is the most instant relief. Grateful to God for the recovery which I have personally experienced, I heartily commend the preparation to all who, if there be any, have suffered like myself.
P. S. HENSON,
Pastor of the Broad St. Baptist Church.

NOTICE TO CONSUMERS OF WATER.—The repairs now in progress at the Water Works render it imperative that great economy should be observed in the use of water, the one engine now running being taxed to its utmost capacity. All unnecessary waste of water should be avoided, such as sprinkling streets, washing pavements, drenching clothes in tubs to an inordinate extent, &c. Unless there is proper attention paid to these requirements the city will not have sufficient water for fire, culinary and other necessary purposes. A non-observance of this caution may deprive the offender of a supply of water, as well as entail a heavy fine.
It is hoped that in the course of three weeks or a month, at farthest, the Superintendent will be enabled to remove these restrictions.

Another Fatal Accident—A Well Known Citizen Killed.

Coroner Clawson was summoned, yesterday afternoon, to hold an inquest on the remains of Mr. Thomas J. Pearson, an old and esteemed resident of Allegheny, who was killed at about five o'clock on Thursday evening, on the Pittsburgh and Fort Wayne Railroad, near Jack's Run. The deceased has been living near Jack's Run for some years past, and had gone up to Wood's Run on some business. He started home along the railway track, and when in the vicinity of the "Park House" he observed the Cleveland and Pittsburgh train, eastward bound, approaching on the track upon which he was walking. He immediately stepped from the south to the north track to allow the freight train to pass. At that moment the Wheeling express, going west, came along, and before he could be warned of his danger he was knocked down and thrown some distance by the cowcatcher. The train was stopped as soon as possible, but on going back the employees found him quite dead. He had been struck on the side of the head, and his skull was crushed in. The deceased was about sixty-five years of age, and for many years a resident of Allegheny. He leaves two children, both of whom are married. The Coroner's jury returned a verdict of accidental death.

Hardick's Pump.

In another column will be found an advertisement of the celebrated Hardick's patent double-acting steam pump and fire engine for pumping water and oil. This pump combines all the advantages of other styles of pumps now in the market, with none of their defects. The patent steam valve applied to this pump enables it to start at any point of stroke by simply opening the valve in the steam pipe, and the pump is sure to start at once without the use of a starting bar, or the annoyance of pulling a fly wheel around to get it off the centre. For mining purposes this pump is peculiarily adapted, as the valves can be removed by unscrewing one nut, and the valve chest cleaned in a few minutes. As the pump is simple in its whole construction, it does not require the neighborhood of a machine shop to keep it in working order. The valve chest and valves are made of brass or composition, and can be easily repaired or replaced when worn out. Any corpenter can make, in a few minutes, of some heavy wood, a set of valves for this pump, if the original ones should give out. As a boiler feeder, it has no superior, as it can be made to run at any speed, either slow or fast, to suit the work it has to perform. The superior merits of this pump can be perceived at a glance by persons interested calling at the well-known establishment of Messrs. M. M'Steen & Co., No. 34 Water street, where they are for sale at most reasonable of rates.

Explosion of a Powder Mill.

The Carbondale *Advance* says; The powder mills belonging to the Moosic Powder Co. at Randville, about five miles down the valley from our town, between Rushdale and Archbald, exploded on Monday evening, about 7 o'clock. The shock was felt here, and is said to have been perceptible and the light to have been seen at a much greater distance below. The drying and pressing mills both blew up, a few seconds intervening, and most of the buildings in the vicinity were greatly shattered. Timbers and fragments of the buildings were thrown off in every direction, and some of them to great distances. The shock at Rushdale, about three-fourths of a mile distance, the seat of the coal works of Jermyn & Co., was very severe. Windows were blown crockery thrown from the shelves to the floor and damage done amounting in the aggregate to several hundred dollars.

The aggregate damage to the Powder Company, will probably fall somewhat below $30,000.

The mills have been in operation about three years without any previous accident, and with great success, under the superintendency of G. W. Rand, Esq. He is making arrangements to rebuild immediately.

A New Use for Petroleum.

The uses to which petroleum are applied are numerous, and each day adds to the number. The latest, and we might say the greatest, domestic purpose to which it is applied has just been made known to us. It has been manufactured into toilet soap of such an exquisite description that we marvel how the offensive fluid could be transformed into the sweet-scented cake soap. Rev. Mr. Kane is the inventor of the process, and the sole manufacturer of the soap, while J. T. Sample, Allegheny, is the sole agent for its sale. We have used a specimen of the new soap and find it to be more than it is represented, as a toilet article, for washing the hands and face. It will, when it is properly known and appreciated, drive all other soaps out of the market. As an erasive soap it is unequalled, removing grease spots, paints, stains, and soil of every description from the finest or coarsest of cloths and fabrics. As a shaving soap it is equally superior, and many of the best barbers of the country have adopted it to the excirsion of imported articles. The soap is sold at cheap prices, and we advise all of our readers to buy a single cake for trial, and if they have not as high opinion of the character and quality of the petroleum soap as have we, we are mistaken in their judgment. Remember it is for sale, wholesale or retail, at Sample's elegant drug store in Allegheny.

Death of a Miser.

There died recently, in the borough of Wilmore, Cambria county, an old man named Bernard Halligan, who in his lifetime was a miser of the first class. He was, we believe, a common laborer by occupation, unmarried, and lived alone in the meanest manner in the most cheerless domicil. Previous to his death he had his will drawn up, bequeathing the bulk of his possessions to a sister in Ireland, but when the document was presented to him for his signature he refused to affix his name. He subsequently had one of his neighbors called in, to whom he committed the care of an old trunk, which, after his death, was opened, and is said to have contained some $760 in gold and silver, together with a considerable sum in greenbacks. So miserable did this old man live that when his neighbors came to prepare his body for sepulcure, not a shred of clean linen could be found in the house with which to dress it. Everything in and about his miserable abode bore the impress of squalid poverty and the utmost degradation.

Arrest of a Watch Thief.

On Thursday afternoon a boy named Frank Summers, accompanied by a boy named Miller, called at the house of Mr. John J. Rowley in the Ninth ward, and asked for something to eat. The servant left the room to get some food, and left Summers standing inside the door. After getting something to eat, the two departed, and shortly afterwards a valuable gold watch, worth $150, which had been lying on the mantle, was missed, and the two beggars were at once suspected of the theft. Yesterday morning Mr. Rowley went in search of the thieves and found them asleep among the coke ovens beyond his house. He took them both into custody, and brought them to the Mayor's office. A hearing was had, and Summers, in default of bail, was committed for trial, the watch having been found in his possession. Miller was discharged. Summers is from Brinton Station. Miller resides in the Third ward.

A Reliable House.

Mr. James Robb announces that he has just returned from the Eastern cities, where he has bought an unusually large stock of all kinds of boots and shoes, for the fall and winter wear. Mr. Robb has had an experience of nearly a life-time in his business, and keeps just such a stock of desirable and substantial goods as will render satisfaction to his customers. He uses much judgment in selecting his goods, and at fair prices he sells boots, shoes and gaiters made to order, and not to be disposed of at cheap rates. He is among our oldest and most reliable merchants, and an honest, fair-dealing gentleman. For well-made, fashionable pedal coverings, go to his store, at No. 89 Market street.

Found Dead.—A man by the name of Jas. McDowell, Jr., known on the canal by the name of "Big Jim," was found dead in the lock a few miles south of Conneautville last Sunday morning. He had been employed at the lock Saturday evening. Quite late he tied his horse near the lock through which he assisted a boat. Shortly after the boat grounded and they sent back for him to help them, but could not find him. In the morning his horse was still there, and he was found standing up in the lock in the corner, in about one foot of water, dead. This was at or near the locality known as "McDowell's" neighborhood.

At Last.—On the Twenty-second of February last, Mrs. Sarah Nelson, of the Eighth ward, made information before Alderman Morrow, charging Jno. Weiss with assault and battery, alleging that the accused had attacked her with a pitchfork. A warrant was issued, but the accused was not arrested until yesterday. Yesterday afternoon he entered the Alderman's office to transact some business, when the magistrate recognized him and transacted an unexpected little bit of business with him, by arresting him and holding him to bail to answer at Court.

Theatricals Off the Stage.—Two actors at the Pittsburgh Theatre, named S. W. Ashley and George S. Gray, had some difficulty a day or two since, which resulted in a charge of surety of the peace, preferred before Alderman Strain by Ashley against Gray. It is alleged that the defendant used threatening language against deponent. The deponent feared he might carry his threat into execution. The case was held for a hearing.

Knocked Down.—Harry Wright and Henry McElreese, two residents of Pennsylvania avenue, indulged in a little game of knocking down, yesterday, and in the course of the game Wright got the worst of it, being knocked out of time and effectually beaten. To get even he made an information before Alderman Strain, charging McElreese with assault and battery. The case was held for a further hearing.

Assault and Battery.—Henry Finn, of the Tenth ward, had a difficulty yesterday with Charles Leonard, and the latter knocked him and otherwise maltreated him. Being thus provoked, Finn made an information for assault and battery against his antagonist before Alderman Strain. The accused was held for a further hearing.

Serious Accident.—On Thursday, in Mifflintown, a son of Mr. Henry Moist, aged about ten years, in attempting to step over the gearing of a threshing machine, while in rapid motion, was caught and most terribly injured. The thigh and leg was torn and lacerated in a shocking manner.

EARLY TELEGRAMS.

FROM WASHINGTON.

Gen. Logan in Favor of Impeaching the President—Impartial Negro Suffrage—Extraordinary Cabinet Council—Reconstruction Under Consideration—Mr. Rollins Not to be Removed.

NEW YORK, Nov. 16.—The morning papers have the following from Washington: General Logan is in the city, and announces his determination to do all in his power to induce the impeachment of the President.

Chief Justice Chase called at the White House last evening, and was closeted with the President for an hour. Messrs. Seward, Randall and McCulloch were present, afterwards, and a long consultation was held, which was believed to be upon the most important subject, based upon the effort now making by leading men of all parties to induce the President in consideration of a general amnesty, to induce the people of the South to accept impartial suffrage, with qualifications of either intelligence or property. Prominent Southern men are co-operating.

General Grant was quite unwell yesterday, but was out to-day.

WASHINGTON, November 16.—The presence of all the Cabinet members at the White House last night, together with Chief Justice Chase, has given rise to a variety of rumors concerning the purport of that extraordinary Council. The best accredited comment received upon the street this morning, is that the proposition under discussion was the oft mooted plan of reconstruction, based upon universal suffrage for universal amnesty. The project, as entertained last night, was essentially that introduced at the last session of Congress by Senator Stewart, of Nevada, which was known to have been accepted by Henry S. Foote, of Mississippi. It is known that the formal consideration of this subject by the Cabinet was looked for at this time by the pressure of certain prominent Southerners in this city, and who profess to be authorized to treat for the South upon the basis named above.

Mr. Spooner is still here, and hammering away at Mr. Rollins, but there is not the slightest chance of his appointment, or the removal of Rollins from the Internal Revenue Bureau. Spooner and his friends blame Secretary McCulloch for their failure, and now proposed to combine the Democratic members of Congress, with such outside assistance as they can obtain, and operate for McCulloch's removal. Their chances for success in this new movement cannot be regarded as very brilliant.

Trouble Among Insurance Brokers—Death of a Police Inspector.

NEW YORK, November 16.—Evidence accumulated against some of the leading insurance brokers and agents in this city, and is now in possession of Superintendent Barnes, which implicates them very seriously in illegal transactions.

Daniel Carpenter, Inspector of the Metropolitan Police, died suddenly in this city last evening, from what is supposed to have been disease of the heart.

Break in the New York Canal.

ROCHESTER, November 16.—The break in the canal at Palmyra will be immediately repaired. It will probably be done by Friday night.

Seat to be Contested.

ST. LOUIS, November 16.—The *Republican* announces that John Hogan will contest Gen. Piles' seat in the next Congress.

BELL'S SPECIFIC REMEDIES

Are warranted in all cases, for the speedy and permanent cure of all diseases arising from sexual excesses or YOUTHFUL INDISCRETION, Seminal Loss, Nighty Emissions and Sensual Dreams, Genital, Physical and Nervous Debility, Impotence, Gleet, Sexual Diseases, &c., &c. NO CHANGE OF DIET IS NECESSARY. They can be used without detection, and never fail to effect a cure, if used according to instructions.

BELL'S SPECIFIC PILLS,

Price one dollar per box, or six boxes for five dollars; also, large boxes, containing four small. Price three dollars.

From four to six boxes are generally required to cure ordinary cases of Seminal Weakness and Emissions, though benefit is derived from using a single box.

In Chronic Cases, and particularly when Impotence or Genital Debility with Nervous Prostration has affected the system,

BELL'S TONIC PILLS

Are recommended as the most efficacious rejuvinating and invigorating remedy in the world.

A package, price five dollars, will last a month, and is generally sufficient.

In extreme cases of Debility and Impotence,

Bell's External Remedy,

Price two dollars, sufficient for a month, can be used to good advantage.

It gives strength to the organs, and with the Pills will restore them to their normal condition.

CAUTION.—The above Remedies have now been before the public many years, and their great success in the alleviation of human misery, has excited the cupidity of several parties, who use the name "Specific Pills," copy my labels, circulars and advertisements, sometimes word for word, and put up worthless compounds that disappoint the just expectations of the purchaser.

If you cannot purchase Bell's Specific Remedies of your Druggist, take no other, but send the money direct to

DR. JAMES BRYAN,

☞**TO LADIES.—If you require** a reliable remedy to restore you, and remove irregularities or obstructions, WHY NOT USE THE BEST. Every lady knows the slightest irregularity of nature is likely to bring on Headache, Giddiness, Low Spirits, Fainting, Hysterics, &c.; then the bloom of health fades, the appetite fails, and other symptoms more distressing commence, as Weakness, Spinal Complaint, the Whites, Prolapsus, &c., &c. A NEVER-FAILING REMEDY will be found in **DR. HARVEY'S FEMALE PILLS.** The experience of 30 years has proved they have no equal for removing obstructions and irregularities, no matter from what cause they arise. They are safe and sure in every case. Upwards of 50,000 boxes are sold annually, and no complaint of their efficacy is ever heard, for they accomplish what they are represented to do. Sold in boxes *containing sixty pills.* Price one dollar.

DR. HARVEY'S GOLDEN PILLS is a remedy four degrees stronger than the above, and intended for special cases of long standing. Price five dollars per box.

If you cannot purchase the Pills at your Druggist, they will be sent by mail, post paid, secure from observation, on receipt of the money, by Dr. JAMES BRYAN, Consulting Physician, No. 819 Broadway, New York.

FOR SALE.

FOR SALE.—A Farm of about 58 acres in Union Township, Allegheny county, Pa., situate about four miles from the city on the Washington Pike. The improvements are a large two story Brick Dwelling House with 12 rooms, a two-story Spring House, a Carriage House, a large Lumber Room, a No. 1 Frame Bank Barn, with stabling sufficient for 50 head of cattle. There is a fine Young Orchard, comprising about 12 acres, stocked with the best varieties of fruit trees. It is all underlaid with coal. The land is in a high state of cultivation, well watered, fences good, and would suit admirably for dairy or gardening purposes.

Also, 17½ acres adjoining the above, with a good Frame House, Carriage House, good Spring House and other out-buildings; with a good Orchard in fine bearing condition. This piece is also all underlaid with coal.

Also, 12 acres adjoining the above, unimproved, for sale low. This piece is also all underlaid with coal.

The above three pieces of property lie between the Little Saw Mill Run and Steubenville Railroads, and the coal can be reached easily from either road. The coal alone is worth all that is asked for the entire property.

Also Farm of 173 acres, situate in St. Clair township, Westmoreland county, Pa., immediately on the line of the Penna. Railroad. The improvements are a two-story Frame House with five rooms and good cellar, a Frame Bank Barn, 40x60 feet, and other out-buildings. There is on the place a good Young Apple Orchard; 130 acres cleared, balance in good timber; fencing generally good, well watered; underlaid with coal and limestone; convenient to churches, mills, schools and blacksmith shops, together with the personal property such as stock, implements, grain in the ground, &c. Posession given immediately.

Also, Farm of 53 acres, situated in Chartiers township, Allegheny county, Pa., about 8½ miles from the city, near the line of the Steubenville R. R., and within one-half mile of a station; 30 acres of the best of creek bottom land, and in a high state of cultivation; 23 acres of wood land and pasture. The fencing is generally good. The soil is No. 1, and well adapted for gardening. The attention of those wishing to embark in the business will call at once and secure a good bargain, as this is a rare chance.

Also, Farm of 84 acres, situate in Elizabeth township, Allegheny county, Pa., on the Monongahela river, about one mile from the Borough of Elizabeth. The soil is of the best quality. The improvements are a farm house with six rooms, a good barn and other out buildings; fencing good; about 50 acres of coal. Churches, schools and mills very convenient. Possession immediately.

Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river immediately below Lock No. 3, on which is erected a large two-story brick dwelling, one log and one frame bank barn, corn crib, wagon shed, brick spring house, granary, work shop, &c.; about 30 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. The property will be sold cheap and on reasonable terms.

Also, A Farm of 96 acres, situated in Elizabeth township, Allegheny county, Pa., about one mile from Lock No. 3, on Monongahela river. Improvements are one frame house, with five rooms, barn, spring house and other outbuildings. The land is of the best quality. The above will be sold at very low figures.

JOHN D. BAILEY,

Stock and Real Estate Broker.

FOR SALE—400 Acres of Coal Land, lying immediately upon the Ohio River, 20 miles below Gallipolis, and 185 miles above Cincinnati. On the above tract is a four foot vein of Coal, which, for general purposes, is not surpassed. It is entirely different from the Southern Ohio Coal; contains but little sulphur, forges and cokes well, and for making steam cannot be excelled. The location being about midway from Pomeroy and Hanging Rock, must make it valuable for coaling boats. There is a water front of ¾ of a mile, with a good landing at all stages of the river. An entrance has been run in the hill about 300 feet, track finished to river, together with the necessary fixtures for mining and delivering coal afloat. On said tract is first-class double Portable Circular Saw Mill together with a Portable Grist Mill, all in good running order, and plenty of the very best oak, ash and poplar timber. Would sell one-half interest if desired, to a party with experience and capital for working same.

JOHN D. BAILEY,
Stock and Real Estate Broker,
oc19 No. 102 Fourth street.

FOR SALE—231 acres Coal, including 51 acres Surface, on the East side of the Ohio River, three miles above Wheeling, with right of way to river. The close proximity to a good market at Wheeling, together with the fact that the coal crops out high enough in the hill to be used profitably for rolling mill purposes, makes this a good investment.

PURE CALIFORNIA WINES.

GURNER & CO.,
No. 80 Cedar St., New York,

Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivalled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.

The following brands are now offered by us. They comprise all the varieties now grown in the State suitable for sale:

WHITE, or HOCK WINE—Of a light straw color, very delicate and fine flavored.

CLARET—A superior wine for table use.

ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine dessert wine, and well adapted for Communion purposes.

MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.

PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.

GRAPE BRANDY—The pure distillation of our wines.

WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.

This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard.

Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner, whose stomachs are out of order and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.

It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.

It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

FINANCE AND TRADE.

FRIDAY, November 16, 1866.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 142¼; 1881's, 113¾; 5-20's, old, 109¾; 5-20s '65, 107¼; 5-20s, new issue, 10[illegible]; 7-30s, 1st series, 107; second and third, 105¾. Michigan Southern R. R., 80½; Cleveland & Pittsburgh, 88⅝; Erie R. R., 79½; Union Telegraph Company, 50⅞; Chicago & North Western, 52¼; Chicago & Rock Island, 107¼; Fort Wayne & Chicago, 107¼.

—Rumors from Washington, in regard to Secretary McCulloch's forthcoming report, are to the effect that he will ask for authority to retire more than four millions of legal-tenders per month. The short currency clerk of the Treasury is at last in a position where he is able to use a substantial amount of revenue in retiring legal tenders, and he is reported as being in favor of destroying as fast as possible this leading element of expansion in values. It is to be hoped that the Secretary will enforce the necessity of specie payments by his report, and by the management of his Department.

—The Chicago *Tribune*, of Saturday, notices a continued accumulation of currency and increasing ease in the market there. It further remarks: There is a fairly active demand for accommodation by grain speculators, but such find the market close, as the banks have no desire to extend their discount lines in this respect, in view of the unsettled condition of the grain markets. The immediate inquiry for loans on pork account is light, but prospectively there is a good demand. Both packers and operators have little faith in the stability of present values, and the opinion largely prevails that prices must go lower. Until this question shall be definitely settled there is no prospect of any heavy demand for money from this quarter. There is no change in the rates of discount.

—Under the provisions of the act of June 30, 1864, the license taxes of bankers are based upon the amount of capital used or employed. The Solicitor of the Treasury has given it as his opinion that the surplus earnings of an incorporated bank are no part of its capital within the meaning and intent of that part of said act which relates to license taxes, and that the license tax of such bank should not be assessed upon a sum greater than its chartered capital. Wherever, therefore, a sum greater than the chartered capital has been made the measure of such a tax for the current year, the excess will be abated upon an application made in proper form to the Commissioner of Internal Revenue.

—The New York *Shipping List* reports trade in the metropolis, as follows:

General trade has slackened off again, under the decline in gold to 144¼; prices, too, are quite irregular, and, in some instances, particularly where stocks are in excess of the demand, they are tending downward. It is a notable fact that the instances of a positive decline in values have been barren of results as regards an increase of business—thus indicating a continued disposition on the part of buyers to adhere to the policy of buying no more goods than the exigencies of the time seem to warrant. Money, at the interior points of distribution, is reported to be scarce, and payments are rather backward, which contributes somewhat to the stagnation. Foreign exchange tends downward, under an excess of bills on the market, and the general export trade is dull, the increased shipments of cotton to Great Britain being a notable exception.

PITTSBURGH IRON AND BLOOM MARKET—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, Nov. 16, 1866.

There is a continued active demand for all grades of pig metal, and the market is firm, and, as has been the case for some time past, stocks are very much reduced. Eastern irons are very firm, and some particular brands, of which the market is almost entirely bare, are a shade higher. Indeed, the demand for all good desirable brands of both mill and foundry irons is considerably in excess of the supply, and all such meet with a ready sale at extreme prices. Blooms are hardly so active, in consequence of a slight falling off in the inquiry for sheet iron, as usual at this season of the year, but as the stock is light, prices are well sustained. The following transactions were reported:

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, November 16, 1866.

CRUDE—The transactions in Crude were unusually large to-day, the reported sales reaching between thirteen and fourteen thousand barrels in the aggregate, but there is no improvement in prices,—in fact, if anything, the figures to-day ruled a shade lower. We quote at 10 to 10¼, in bulk, and barrels returned, and 15½ to 16, bbls included. Sale of 1000 at 16¼; 2000 at 10¼; 3000, to arrive, at 10¼; 2000, to arrive, at 10¼; 250, on the spot, at 10; 60 at 10¼; 1500 "Smith's Ferry" at 9, and 40 at 16, packages included, free on board cars. We can also report a sale of 2 00 bbls, in bulk, (43 gravity) at 11¼. This sale was made under peculiar circumstances, and cannot, therefore, be fairly taken as a criterion of the market. It was sold to fill a contract—the oil had to be of a specified gravity, and there being only the one lot of that character in the market, the party having the contract had either to take it or lose his sale, which, we believe, was at 14c. Besides, the time for delivery is near at hand, which was another very strong argument in favor of his taking the oil above quoted at 11¼, notwithstanding it was above the market; and, if reports are true, the purchaser netted 2¾c per gallon by the operation—not to be sneezed at in these times of depression and stagnation.

REFINED—There was but very little demand for bonded oil to-day, and the market is dull and weak with a drooping tendency. We can report a sale of 500 bbls for January, at 29½, free on board cars here; and 500 for December delivery in Philadelphia, at 35¼. Last evening there was a sale of 1500 bbls consummated—500 for December, 500 for January, and 500 for February, to be delivered in Philadelphia, all at 35. For this month, 34 to 34½ seemed to be the best figures that could be obtained to-day.

ARRIVALS—The following arrivals of oil were reported to-day:

Jas. Wilkins	351	D. Bly	50

New York Dry Goods Market.

NEW YORK, Nov. 16.—The break in the Dry Goods market noticed yesterday still continues. The reduction in prices noticed at that time brought a momentary demand, but buyers became alarmed yesterday from the continued decline, and refused to take goods at what they had before offered. Only a few boxes of delaines were sold as the result of the reduction in those goods, and with all other kinds of goods they are to-day entirely at a stand-still. Jobbers have further reduced prices this morning, and it is said that agents are ready to meet any reduction found necessary to dispose of goods. The still further decline in cotton yesterday, and the general belief that it will continue to decline for some time to come, encourages manufacturers to concede to the news of buyers. There are less buyers in the market. The unsettled state of trade noticed yesterday is very much more irregular to-day, and less satisfactory. The present market is very unsettled, with an irregular decline in goods. Jobbers have already offered goods at 1@2 below the quotations, but without effecting sales of any moment. The woolen goods market is depressed, as has been the case for the entire season, and goods are still declining. The auction sales of Germantown goods and other woolens of domestic manufacture are very much below expectations. The following prices were on the bulletin board at Stewart's this morning: Atlantic A, 22; Pacific A, 21½; do H, 21½, and Indian Head A, 21½, a reduction of ½ on yesterday's price. There is less doing in Foreign Goods. *Jobbers' Prices:*—Brown Sheetings—Salmon Falls, 21; Broadway, 21; Ludlow, 18. Bleached Shirtings—Harris No 1, 30; do No 2, 20; Hope, 27. Prints—Cocheco, 20; Dunnell's, 18; Victory, 16; Empire, 12. Ticks—Easton, 23, do B, 21.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, November 16, 1866.

Business generally is remarkably dull for the season. Depression and stagnation are the leading characteristics of the produce markets at present, and what is worse still, there are no indications of any immediate improvement. It is true, stocks of Flour, Grain, Provisions, etc., etc., are light, but as an offset against this, the demand also is exceedingly limited, and with the exception of the usual every day transactions, there is next to nothing doing in this market. Operators are discouraged and perplexed, not knowing which course is best for them to pursue—whether to replenish their already reduced stocks, or close out at a loss, and thus run the risk of replacing at reduced rates.

GRAIN—Wheat is dull but firm and very little offering; No. 1 Spring may be quoted at $2,60 to $2,65. Oats quiet and unchanged—sales at 52 to 53, on track and 55 to 58 in store. Barley is in pretty good supply and dull—brewers generally are offering but $1 to $1,05 for Spring. Sales of 1 car old shelled Corn at $1,05; and 200 bush do at $1,10. New Corn appears to be almost unsaleable. Rye is wanted and prime would doubtless command $1,20 to $1,25.

FLOUR—There is no improvement to note in the demand for Flour, and while the market is quiet and a little dull, prices remain unchanged. We continue to quote good to choice brands of Spring Wheat at $12½ to $12¾ and Winter Wheat, $13¼ to $14. Rye Flour is quoted at $8¼ to $8½. Small sales of Buckwheat in store at $4¼ to $4½ per cwt.

APPLES—The market is completely glutted with inferior and common Apples, but prime to choice are in limited supply. The demand, however, for all kinds is light, and quotations may be given at $2 to $3 per bbl, as to quality.

ASHES—Dull and neglected but unchanged. We continue to quote at 6 to 6½ for common and refined Soda Ash, and 14 for Pearls.

POTATOES—Prime Peach Blows are in light supply at present, and may be quoted steady at $2,50 per bbl. New Jersey Sweets are held at $5 to $5½.

SEEDS—There is a steady demand for Flaxseed with regular sales at $3 to $3,10. Timothy Seed is selling in small lots at $3 and Clover at $9.

SORGHUM—Is quiet and unchanged; we quote at 65 to 70 for good to prime—10 bbls sold to-day at 68.

BUTTER—Continues very dull with a supply considerably in excess of the demand; prime Roll is quoted at 30. Common packed is almost unsaleable.

EGGS—In brisk demand and very light supply—fresh packed would sell readily at 33.

DRIED FRUIT—Regular sales of Peaches at 18 to 20 for quarters, and quarters and halves mixed; and 22 to 23 for halves. No movement in Apples—none wanted.

HAY—Is reported steady with sales of prime baled at $21 to $25 per ton.

SALT—Is in fair demand and limited supply and may be quoted steady at $2,80 on track, and $2,90 to $3 in store.

MARKETS BY TELEGRAPH.

Financial Matters in New York.

NEW YORK, November 16.—Money rather more active at 6 per cent. Sterling dull at 106¾@109¼. Gold lower, opening at 143⅞, declining to 142½, and closing at 143¼. Governments dull.

LATEST.

There is a better demand for money on call, and the general rates are 5 per cent. to brokers, but the Government bankers still have balances offered them at 4 per cent. There was an effort on the part of some of the Banks to-day to put the rate up to 6 per cent., but the transactions at this rate continue the extension and not the rate.

Stocks dull. Gold, 142¾. Rock Island, 106⅞; Fort Wayne, 107; Cleveland & Toledo, 121; Northwestern, 72; do. preferred, 74⅝; Michigan Southern, 85¼; Erie, 79½; New York Central, 111¾; Pacific Mail, 200; Atlantic Mail, 97½; Western Union Telegraph, 50; Sixes, 1881, coupons, 113¼; Seven-Thirties, 1st series, 106⅝; do. second series, 105⅝; Ohio and Mississippi Certificates, 31¼.

The Government is concentrating currency at this point to meet any demand from the banks. On account of the unpaid clearing house certificates. Already the banks have withdrawn to some extent, and about $50,000 have been paid. The discount market is dull, owing to the general disinclination on the part of the banks and money lenders to take commercial paper. The increased caution is due to the recent large decline in produce and merchandise. Prime names only pass at 6@7 per cent., and upon other grades larger shares are submitted. At the last open board the Stock market was heavy and lower. After the call there was an increased pressure to sell in the lower hall which resulted in a further decline in prices. The following were the closing prices at 4:30 P. M.: O. & M. certificates, 30⅝@31⅛; Cumberland, 70⅝@71; Quicksilver, 50⅝@51⅛; N. Y. C., 110⅝@110¾; Hudson, 77¼@[illegible]; Reading 113⅜@113⅝; M. C., 113@113⅝.

H. O., and $12,40@14,00 for trade brands, closing quiet. Rye flour without decided change. Corn meal dull. Whisky more active, with sales of 500 barrels in bond, at $2,42@2,43. Wheat—Receipts, 53,000 bushels; dull and 2@4c lower; sales of 25,000 bushels, at $2,43@2,44 for No. 1 Milwaukee, and $2,27½ for No. 3 do. Rye quiet, old western, $1,30. Barley—Receipts, 38,717 bushels; steady, with fair demand; sales of 65,000 bushels, at $1,08@1,11 for Canada West in bond; $1,29½ for Canada West free, and $1,05 for western. Corn—Receipts, 39,525 bushels; irregular, unsettled and 3@4c lower; sales of 181,000 bushels, at $1,28@1,31 for shipping mixed western in store and afloat, closing at $1,29@1,30 for west'n yellow. Receipts of Oats, 125,286 bush; market dull and 5c lower; sales of 39,000 bush at 67@70c for Chicago and Milwaukee. Rice quiet. Coffee dull. Sugar very dull; sales of 75 hhds Cuba at 12½c. Molasses steady; sales of 50 bbls New Orleans at 96@97c; 30 hhds Porto Rico at 54½@55c, and 100 hhds Demarara at 67@80c. Petroleum steady; sales of 2,000 bbls at 23c for Crude, and 36@37c for Refined in Bond. Pork lower and irregular; sales of 6,500 bbls at $23,37½@24,25, regular and cash for New Mess, closing at $23,87½ cash, and $20,25@21 for Prime; also 750 bbls New Mess at $23,87½, buyer for December, and $ 4,00, seller for January. Beef quiet and steady. Beef Hams heavy; sales of 75 bbls at $32,50@38,50. Bacon dull. Cut Meats heavy; sales of 123 packages at 12@13c for Shoulders, and 14@15½c for Hams; choice do, 16c. Dressed Hogs quiet, at 9½@9¾c for Western. Lard lower; sales of 600 bbls at 12¼@14c, and small lots at 14¼c. Butter heavy, at 20c for Ohio. Cheese dull.

Albany Cattle Market.

ALBANY, November 16.—The depression in the cattle trade noticed last week continues, and prices are ⅛@¼c per pound live weight lower. During the week 4,500 head have been received here, nearly two-thirds of which remain unsold. Comparatively few New York butchers are present, and most of them will not buy anything. The Brighton market is also reported glutted, and very few are being bought to go East. The top price is 8¼c per pound. Live weight paid for 60 extra for fine fat Kentucky, averaging the extraordinary of 1,900 pounds; the figure prices ranged down to 4 per cent. fair to good; Illinois ranges from 6½@7¼c. Sheep are neglected, at 4½@5¾. Receipts 4,400. Hogs, the demand is moderate at 8@8¾. Receipts 12,000.

Buffalo Market.

BUFFALO, Nov. 16.—Flour quiet; No 1 spring $11,25@12,00, western spring, bakers, $13,50; Haxall, $16,00. Wheat dull and held at $2,20 for No 2 Milwaukee spring, and $2,15 for No 2 Chicago spring. Corn receipts, 90,000 bush, opening at $1,13 and declined to $1,12; 20,000 bus Toledo sold this afternoon at $1,10. Oats; receipts 13,500 bush Chicago at 56c. Barley held at $1,10@1,12 for Canada. Rye quiet and nominal, at about $1,20. Pork, $27,00. Lard, 15½@16c. Whisky, $2 38.

Chicago Market.

CHICAGO, Nov. 15.—Flour dull and declined 15@25c. Wheat declined 7@10c, and closed dull at $2@2,22 for No 1, and $1,73½@1,95 for No. 2. Corn declined 5@6c, closing quiet, at 84@84½c for No. 1, and 80½@82c for No. 2. Oats declined 2@2½c, closing dull, at 38½@39c for No. 1, and 38c for No. 2. Provisions dull; Mess Pork $1,00 lower. Hogs moderately active at a decline of 25@30c; sales at 5[illegible]@6⅛.

Oswego Market.

OSWEGO, N. Y., November 16.—Flour unchanged. Wheat quiet; sales—3,500 bushels of Chicago Spring, by sample, at $2,30. Corn scarce; nominal. Barley in good demand and the market better for choice qualities which are scarce; sales—4,500 bushels of Canada at 95@96c in bond, for up-lake. Rye quiet.

St. Louis Market.

ST. LOUIS, Nov. 16.—Cotton heavy, at 30c for Middling. Flour dull, buyers contending for lower prices, which holders are unwilling to concede. Wheat firm and unchanged. Corn higher, at $1,05@1,06 for Old, and 80@95c for New. Oats advanced to 53@56c. Provisions and Whisky unchanged.

New Orleans Market.

RIVER NEWS.

The river rose steadily at this point during Thursday night and Friday, and was still swelling steadily last evening, with about six and a half feet in the channel. A telegram from Oil City reports three and a half feet at "Charley," and as the recent rains appear to have been general, it is altogether probable that there will be a rise in the Monongahela also. The weather yesterday forenoon was clear and pleasant, but in the afternoon it became quite cloudy again, with every appearance of more rain.

The Quickstep got in from Cincinnati yesterday, with a very good trip. Captain Barr, having recovered from his late illness, will again assume command of this fine steamer.

The Peerless cleared for Oil City last evening.

The Leni Leoti and Bayard got in from Parkersburg during Thursday night, and the former boat cleared again, it being her regular day. The Bayard will lie over until Monday, we presume—the Grey Eagle will leave to-day. The Robt. Moore, from Portsmouth, arrived and departed.

The Glasgow got in from "Glass House" yesterday, having been detained some time at that point waiting for water. She has a very fair freight list.

The Nora left for Cincinnati last evening, with a good trip, having about all the freight she could take, and a goodly number of passengers. The rise in the river prevented the necessity of her taking a barge in tow, as was the intention previous to the late rains.

The Sherman, Captain Crane is filling up steadily for St. Louis, and it is expected that she will be ready to take her departure to-day. She has superior accommodations for passengers.

The splendid low pressure Quickstep, Capt. Sam. Barr, jr., with Mr. G. W. Floyd in the office, is the regular packet for Cincinnati to-day, leaving promptly at noon, and passengers and shippers should bear this fact in mind. Those who desire to make a quick trip to the "Queen City" should not fail to go on this boat, as she travels like a deer.

The Silver Lake No. 3, Capt. Todd, is now in turn for Cincinnati and Louisville, and will at once commence receiving freight. She will leave during the early part of next week.

The Camelia, Capt. Lytle, is filling up slowly but steadily for Nashville, and the same remark will apply to the Armenia, Captain McCallum, for New Orleans.

The Rob Roy left Cincinnati for Pittsburgh on Wednesday, and the Leonora and New State were advertised to follow.

The Quickstep, on her up trip had a little "set to" with two "crack" Cincinnati boats, the C. E. Hillman, and the St. Charles. She passed the Hillman with but little difficulty, while between her and the Charles, it was "nip and tuck," neither boat passing the other. It is but proper to state, however, that the Quickstep was pretty heavily loaded, while the Saint Charles was almost flying light.

The Louisville *Courier* seems to be wonderfully exercised about Capt. Donaldson's new boat the Great Republic. The *Courier* is forced to acknowledge that the Great Republic is a larger boat than the Louisville "wonder" R. E. Lee, and even the famous Ruth, or the "low pressure" Richmond, about which we hear so much, but consoles itself with the hope that the "Pittsburgh" boat will not be as fast as the Lee, or have as fine a cabin, or as good accommodations for passengers as the Ruth. The *Courier*, having already been forced to "cave" on the first point, dimensions, we are satisfied, will in the course of time, be forced to back-water on the next two points in question, splendor and speed.

The Louisville *Democrat*, of Wednesday, says: "We believe the Great Republic, now building at Pittsburg, is the largest boat that was ever built, or is now building."

Says the Louisville *Courier* of Wednesday: The Raven came in the other day with a brace of barges of salt, some 2000 barrels, from the Ohio river salines. The towboat T. H. Horner is now on her way to New Orleans with a tow of seven boats and barges, all fully laden with hay. A portion of the venture was taken at Aurora, and from thence to other points along the lower Ohio, making her cargo about 17,000 tons, or 10,000 bales. A mistake occurred in the report that Gaylord & Co., of Cincinnati, had offered $50,000 for the Wild Wagoner. They telegraphed to buy her if "offered at at a bargain," and our informant evidently construed that to mean $5,000 better than the bid at which she was knocked down. The boat had been advertised thirty days, time enough for all parties interested to attend.

We take the following items from the Cincinnati *Commercial*, of Thursday:

The Henry Van Phul, recently burned in the Mississippi, near Donaldsonville, was partially insured in Cincinnati offices for $20,000, divided as follows: Magnolia, Buckeye and Boatmen's, $5,000 each, and the Eureka and Commercial, $2,500 each. ....Capt. Shelby yesterday sold his interest in the Mary Ament to Capt. Conner and others. She will hereafter be commanded by Captain Connor. ....Mr. Samuel P. Hale left for Memphis on the [illegible] train. ....The Swallow arrived from New Orleans all right yesterday. The report that she went in the dock for repairs is a mistake. We regret to announce that her clerk, Mr. Spencer, is in ill health. The Swallow will return to New Orleans.

The St. Louis *Democrat*, of Wednesday, says: There is a steamer named Arabian lying at Pittsburgh, which will probably leave that place in a day or two for this port, and will be placed in the Johnsonville trade. The Arabian is a new boat, having made only two trips to Wheeling. She is 3[illegible] feet beam, 150 feet in length, has good capacity for freight, and ought to suit the Johnsonville trade in the present popular line.
